# COUNCIL PROCEEDINGS

## SPECIAL SESSION.

Special session of the Council, held for the purpose of organization, at the Council Chamber, City Hall, on Friday, January 1, 1904, at 12 o'clock noon.

Present—Councilmen Duffy, Fitzpatrick, Fox, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Steil and Voll.

Absent—None.

The following communication from His Honor Mayor Lankering was presented, read and on motion of Councilman Schultze, received:

Mayor's Office,  
Hoboken, Dec. 30, 1903.

Mr. James H. Londrigan, City Clerk:

Dear Sir—You will please call a meeting of the Council for Friday, January 1, 1904, at 12 o'clock noon, for the purpose of organization and such other business as may come before it.

Respectfully yours,

A. LANKERING,  
Mayor.

City Clerk Londrigan stated that the first business in order would be the election of a permanent Chairman for the ensuing year.

Councilman O'Rourke moved that Councilman Steil be elected permanent Chairman for the ensuing year.

Adopted by the following vote:

Ayes—Councilmen Duffy, Fitzpatrick, Fox, Hoppe, Hopper, McCarthy, O'Rourke, Schultze and Voll.

Nays—None.

Declining to vote—Councilman Steil.

Absent—None.

City Clerk Londrigan declared Councilman Steil elected permanent Chairman for the ensuing year, and requested Councilmen Schultze and O'Rourke to conduct him to his seat.

The Chairman having been conducted to his seat, returned thanks for the honor conferred.

Councilman Schultze moved that a Committee of two be appointed to wait on His Honor the Mayor and ascertain if he had any communication to present to the Council.

Adopted.

Chairman Steil appointed Councilmen Schultze and O'Rourke as such Committee.

Councilman Fox moved that the Board take a recess subject to the return of the Committee.

Adopted.

## ON REASSEMBLING.

Present—Councilmen Duffy, Fitzpatrick, Fox, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Steil.

Absent—None.

The Committee returning, presented the following communication from His Honor Mayor Lankering:

Mayor's Office,

City of Hoboken, January 1, 1904.

Gentlemen of the Council:

In submitting my third annual message I wish to express my satisfaction over the prevailing spirit among the majority of the members of your Honorable Body, who entered with me at the beginning of the past year upon their duties as the representatives of the people of this city.

The increased interest taken in the conduct of public affairs by the citizens at large was not only appreciated by the members of the last Council and myself, but served as an incentive for renewed activity in the public interest, and I therefore may point to the year past as highly pleasing, inasmuch as the good work then taken up and to be carried on by you during the ensuing year must be productive of results and conditions that will increase the public confidence and lend encouragement to us all for renewed efforts in behalf of the people.

The rapid increase of our population and the increased traffic in the city, due to the prosperous condition and magnitude of the business of the corporations in possession of our river front and the general requirements of progress, have caused demands to be made upon various branches of the city's administration, which, perhaps necessary in themselves, are not justified by our financial resources.

The demands made necessary by modern commodities and public improvements in accord with progressive ideas must necessarily increase the expenditure of a city government, and we must realize that the expenditures must be borne by direct taxation upon the people and met through the yearly tax levy.

Yet, when individuals or corporations,

directly benefited by these improvements, refuse to meet their just and equitable share of such expenditure or try to avoid their share of the burden by means satisfactory to themselves, assisted by unfair and unjustifiable action of the majority of the Board of Commissioners of Appeals, it is our duty to the taxpayers to adopt even legal methods to insure to them an honest and equitable system of taxation, fair alike to the corporation and the individual taxpayer.

The administration will be greatly handicapped by the unjustifiable action of our late Board of Commissioners of Appeals in making the enormous reduction of \$1,000,000 in the assessed valuation of the property of the North German Lloyd Steamship Company, and if the Corporation Attorney should not succeed in having this reduction set aside and the original assessment sustained, it means that the individual citizen must sustain this loss to the city's revenue by direct taxation.

Added to this loss is the action of the State Board of Assessors in their apportionment of the state franchise tax, whereby Hoboken's share was reduced by \$9,000—without any visible reason and without an opportunity for our officials to present the city's case.

It seems to be the opinion that it will be impossible for this city or any other city to regain the amount which they will lose under this system of state taxation.

Nevertheless I hope that the legal proceedings now instituted will preserve our right to a proper and, if possible, an increased share of the state franchise taxes.

It is obvious from this condition that we may have to face a very serious financial problem, if we wish to promote such improvements as are of foremost importance to the city, such as, among others, the proposed

#### SEWERAGE SYSTEM.

In my communication of a year ago I referred to the report submitted by the Advisory Board on Drainage as highly commendable and on the 30th of July, in

a communication the Board of Health went into the details of the existing conditions in reference to the lack of proper sewerage.

The Corporation Attorney has since been directed to amend the ordinance for the drainage of the sewers so as to make the same conform to the recommendation contained in the report of the Advisory Board.

So much has been said and written regarding the immediate necessity of the proper sewer system, that the people of this city now expect immediate action and I advise the appointment at once of an expert engineer to pass upon the plans, specifications and figures showing the possible cost.

Entering upon an extensive and costly improvement such as this every precaution should be taken to make disappointment in the final result impossible.

The sewer in Newark street, from Park avenue to Willow avenue and First street, has been completed, and the box drain in Grand street to Fifteenth street and Hudson Boulevard will soon reach its completion.

These sewers will give quite a relief in their respective sections.

The thorough and systematic cleaning of all sewers under contract, which work has been carried on since September, is highly appreciated by the public and particularly by those most affected.

Still, the contractor should be required to carry on this work according to the specifications, and especially should he increase his force, as agreed to.

I do not wish to insinuate that the work is not satisfactory, as passed upon, but I hold that a contract should be carried out in all its details, as specified by the engineer.

The benefit of this cleaning of our sewers will be felt for many years to come, and should be looked upon as a necessary preliminary to the inauguration of a complete and permanent sewer system in connection with a pumping station, which will obviate for all time the discomfort and unsanitary methods,

together with the endless expense incident to the present want of system which have characterized the drainage methods of this city for the last quarter of a century, and which finds us in as bad a condition as when the original system of tidal sewerage was instituted.

While sanitary drainage is most essential to the development and general progress of our city, close superintendence will be necessary over the

### STREET CLEANING.

It is generally admitted that the money appropriated by our Tax Commissioners for the purpose of street cleaning is insufficient to meet the necessities of this department, but our revenues hardly permit any increase of the appropriation, and the co-operation of our Police Department is therefore indispensable to keep our streets in a clean and sanitary condition.

Property owners or tenants must not be permitted to throw waste paper, glass and refuse into the streets nor permit the sweepings from the sidewalks to fill the street gutter.

The Street Commissioner should not only insist upon the strict observance of our city ordinance in reference to the keeping of our streets, but also should report any carelessness on the part of the contractor in the collection of

### GARBAGE AND ASHES.

Many complaints have been made that the men employed by the contractor to remove the ashes and garbage are reckless and indifferent in the manner of performing their work, with the result that the cans and receptacles for the ashes are often smashed and unnecessarily damaged and the contents recklessly strewn about the streets.

The contractor should give this abuse his immediate attention and should also adopt a better system by dividing the time of collection and thereby avoiding the annoyance to our citizens in having ashes and garbage stand on the streets for an unreasonable time.

In a communication to your Honorable Body during the month of May last, I advised that the Street Commissioner be directed to supervise the above contract work and the contractor be directed to procure from him a certificate before each monthly payment, that the work of removing the ashes and garbage has been done according to the contract.

I again suggest that a provision to that effect be inserted in the new contract.

### CITY PARKS.

Next to clean streets, nothing appeals more favorably to the people than the proper cultivation of the city parks, and I therefore recommend them to your special care.

Our park keepers may meet with difficulties in keeping our parks in good condition and attractive, but I believe a great deal more attention might be given to the cultivation of the grass and shrubbery, as well as the neatness in general.

During the fall and winter months nothing is done to enrich the soil and prepare the bare places for the spring time to produce a new growth of grass. Nature requires constant and careful assistance to insure a continuous good appearance of the lawn and beautifying trees.

Park keepers must exhibit sincere interest in the keeping of the parks intrusted to their care, and should be held to account for the condition of the same.

### COUNTY PARKS.

Representatives from various business organizations of Jersey City and West Hoboken have invited my co-operation in the furtherance of a plan for a park on the "hill," on the property lying between Palisade avenue, the Junction Railroad and the lines of the Paterson plankroad and Fulton street, and for this purpose have called upon the Hudson County Park Commission.

The plan contemplates a connection with Hoboken by a viaduct between Fourteenth and Fifteenth streets, crossing the Erie and Junction Railroads at a height of twenty-one feet above grade and reach-

ing level at about Clinton street; thence to Boulevard loop by a roadway.

This plan is favored by many prominent and public-spirited citizens of this city, and is one which merits your earnest and careful consideration, as it has to bring important and valuable features of great interest to the welfare of this city.

The first feature of importance is the

### VIADUCT,

the construction of which will give to this city a direct and easy connection with that rapidly growing community comprised within the boundaries of Jersey City Heights, West Hoboken and Union Hill.

The communities are geographically very close to us, and yet, by reason of physical conditions, actually far away.

A viaduct of easy grade will bring this large population within easy reach, and will add largely, in my opinion, to the value of the uptown section of our city, by enabling the citizens of these neighboring municipalities to reach us for the purpose of trade, etc., more easily than heretofore.

I understand that the building of such viaduct cannot be considered by the Park Commission, and this question will therefore have to be taken up with the Freeholders and made part of the Boulevard loop scheme.

The establishment of a park in the proposed locality will give to the westerly section of our city a convenient and healthful resort, where the tired laborers and members of their families can enjoy the invigorating breezes, and refreshing views of the river and bay, close to their homes and places of labor.

I recommend that you appoint a committee to work in conjunction with the gentlemen who have so earnestly taken up this cause for Jersey City and West Hoboken, so that the needs and desires of the people of this city may be presented to the Park Commission and the Board of Freeholders of this County, backed by the influence and approval of your Honorable Body.

### UNDERGROUND WIRES.

The removal of awnings and obstructions from our principal streets has caused public satisfaction and is undoubtedly a public benefit and an improvement upon the general appearance of the city.

The removal of these obstructions, naturally, was associated in the public mind with the removal of the telegraph, telephone and electric light poles and acting upon this idea your honorable body undertook the passage of an ordinance for that purpose, which ordinance is still before you.

The delay incident to its passage was due to the request of the companies interested for time to submit a proposition and a map showing the places where the poles are located and an agreement specifying the time within which the companies should conveniently remove the poles.

A proposition has recently been submitted by the companies in which they declare their willingness to remove the poles within a given period.

The whole subject is therefore properly and completely before your Honorable Body for action, and I would suggest that you apply yourselves to the solution of this problem in the general interest of the public at your earliest convenience.

### RAILROAD STREET CROSSING.

A matter of pressing public importance to which my attention has been repeatedly called by citizens as well as by astounding calamities in other cities where grade crossings exist is the building of a viaduct over the tracks of the Erie and Junction Railroad tracks at the Willow avenue crossing at Seventeenth street.

The railroad companies themselves realize the urgency and necessity for public protection at this dangerous crossing, and in response to a request from your Honorable Body for a conference have agreed to submit plans and figures for the building of a viaduct, and a proposition showing the proportion of the cost of construction, which the companies will agree to bear. This proposition has not been

submitted as yet, but I earnestly call the attention of your Honorable Body to the necessity of speedy action.

### HEALTH BOARD.

The Board of Health has been ever watchful, and the existing sanitary laws and ordinances have been enforced and such conditions upheld as are necessary to guard against any alarming progress of disease.

In pursuance of their duty the Board has passed an ordinance regulating barber shops, and it is hoped that this ordinance will greatly improve the condition of such places in the various sections of our city, and prove a great protection to the public health.

The Board has been making strenuous efforts to have the smoke nuisance at the plant of the United Electric Company, located north of Fourteenth street abated and we hope will meet with success.

The great amount of smoke emitted from the works is due to the fact that these works not only supply power for all the electric lighting in the city, but also for all the electric cars that run in the northern part of Hudson County.

The works are at present very much overtaxed, and in order to obtain sufficient power it is necessary to work the boilers at a very high pressure, and in that way cause a great amount of smoke. Moreover, it has been found impossible to burn anything but soft coal to obtain the required result under the pressure of work at the present time.

The company is about to complete a power plant on Palisade avenue, in Jersey City, which, it is hoped, will relieve the situation, and they are also about to proceed with the erection of a large power plant on the Hackensack River, which it is claimed, when completed, will do away with the nuisance.

The Board of Health, however, will only wait until the beginning of the new year, and if the nuisance be not abated proceedings will be taken to compel the company to adopt other methods to abate the nuisance.

### SCHOOLS.

The difficulties experienced in the erection of the new school, known as No. 8, are still fresh in the public mind, and your Honorable Body and the Board of Education deserve great credit for the sincerity displayed in this most necessary undertaking, which by their harmonious action overcame the many obstructions and setbacks caused by the flaws in the state school laws, and made it possible to advance the work to its present substantially completed condition.

The failure to dispose of the proposed school bond issue to cover the cost of this school on account of the unconstitutional-ity of the McKee school law, under which these bonds were to be issued, has been commented upon, and the great inconvenience to which we were subjected in assisting the contractors to obtain loans to carry on their work are matters of public record. May we hope to succeed in disposing of the \$140,000 worth of school bonds now advertised for at as favorable figures as received last year.

This school will be a credit to everybody who assisted in its erection and to the city at large.

With the occupancy of this school the Board of Education will dispense with the objectionable annexes and every school-going child in this city will have a seat in one of our regular school buildings, with the exception of the pupils of our High School.

Our High School is carried on at present in the Martha Institute, where quarters have become entirely inadequate to continue to work as we would prefer. With a large building, or rather a building of our own, for High School purposes this branch of our educational department would be greatly benefited. No one denies that we need a new High School building. An investigation of the expenses incurred at the present time in maintaining the High School in the old institute will satisfy the public that the building and maintenance of a High School of our own will result in showing only a

comparatively small increase of expenditure for High School purposes.

All the other school buildings are in good condition, the children are provided with new books and ample supplies. The business affairs of the school government have been administered well and economically.

The work of education has received constant attention and study and it is evidently the aim of the Board of Education to secure every means to advance the standard of efficiency of our teaching forces and the schools in general.

A course of university lectures for the benefit of our teachers has been arranged for and a professor from Columbia College will visit Hoboken for the purpose of exemplifying teaching methods.

This will prove greatly beneficial to our teachers, and Superintendent Demarest, who is responsible for this innovation, predicts good results from its introduction.

The course will offer to our teachers an opportunity of acquiring scientific knowledge of the subject which each is called upon to teach.

This introduction of a lecture course is a step in the right direction, inasmuch as it gives evidence of the hearty co-operation and moral support of the Board to the well directed efforts of the Superintendent. His recommendations and suggestions in the interest of the educational department of our schools should receive thorough consideration, as he, and he only, should be held responsible for the general results.

It is essential to the success of our schools that the duties and the authority of the Superintendent and Principals be more clearly and distinctly defined so that the responsibility for conditions in our schools can be properly placed, and I would advise the adoption of rules and regulations to this effect.

#### FREE PUBLIC LIBRARY AND INDUSTRIAL SCHOOL.

The Free Public Library and Industrial School are growing institutions which

mark the progress of our city and indicate the interest taken by our citizens in the intellectual and industrial advancement of our people. The question of the title to the Library building, which was formerly a matter of dispute, was settled by the decision of the Corporation Attorney to the effect that the title should be in the Library Board subject to the right of the Industrial Board to proper accommodations for their school, and a deed was accordingly delivered by the city to the Library Board for the premises.

The title is now in the Library Board, but arrangements are being completed to execute a lease by this Board to the Industrial School Board for the necessary space required by them for the performance of their laudable work.

#### POLICE DEPARTMENT.

New rules and regulations governing this department have been adopted a year ago and copies have been distributed among the men.

The city has been freed of undesirable elements and a wholesome respect for our laws and ordinances is upheld. But I may safely say in view of the growth of our population and the increasing responsibilities of the department, that the force of patrolmen to insure security and protection to our citizens and their property is inadequate and a reasonable increase in the near future of the number of patrolmen is absolutely necessary.

However, the department is in excellent condition and the superior officers and men are deserving of commendation.

#### FIRE DEPARTMENT.

This department has rendered excellent service, and the Board of Fire Commissioners, in giving all possible assistance, have aided greatly in maintaining a high standard of efficiency.

To inspire the members of the department honest ambition has been encouraged and meritorious service rewarded.

The commission in recognizing the responsibility of the Chief and aiding in his earnest endeavors to uphold proper dis-

cipline have earned the praise of the people and the confidence of the members of the department.

Under such supervision the department will retain its exemplary reputation.

In closing this communication I entertain the hope that your Honorable Body will join with me in spirit and zeal in lending your best efforts to the practical and substantial accomplishment of the work which I have herein outlined so that the result may be satisfactory not only to our citizens but to each of us individually.

Upon entering into the new year I beg to offer the best wishes of the season.

Respectfully,

(Signed), A. Lankering,  
Mayor.

## STATED SESSION.

Stated session of the Council held at the Council Chamber, City Hall, on Wednesday evening, January 13, 1904, at 8 o'clock.

Present — Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Stell.

Absent—Councilman Fox.

On motion of Councilman Schultze the reading of the minutes of the stated session of the Council held on January 1, 1904, at 12 o'clock, noon, was dispensed with and they were approved as printed.

The following proposals for the purchase of \$140,000 school bonds and \$15,000 refunding bonds were presented, read and referred to the Committee on Finance and Salaries:

From Kountze Brothers:

For the fifteen thousand (\$15,000) dollars 20-year without option of prior redemption refunding bonds, in \$1,000 denominations, bearing interest at 4 per cent, payable semi-annually, advertised by you for sale to-day, we bid, subject to the approval of our attorneys as to legality of issue, all documents required by them in making their examination to be furnished by you 100.00 and interest (par interest).

We enclose herewith certified check for one thousand (\$1,000) dollars to apply on purchase price if the bonds are awarded us, but to be returned to us immediately should our attorneys not approve the legality of the issue upon our notice to you to that effect.

Respectfully yours,  
KOUNTZE BROS.

From Farson, Leach & Co.:

For the \$140,000 school bonds of the City of Hoboken, New Jersey, dated February 1, 1904, and maturing in 30 years, without prior option, bonds to bear 4 per cent per annum interest, payable semi-annually, and for the \$15,000 refunding bonds of the City of Hoboken, New Jersey, dated February 1, 1904, and maturing in 20 years, without prior option, bonds to bear 4 per cent per annum, payable semi-annually, we will pay 100.675 and interest to date of delivery. Bonds to be in the opinion of our attorney a legal and binding obligation of the City of Hoboken, New Jersey, papers evidencing this fact to be furnished prior to the delivery of the bonds. Under above bid we enclose our certified check for \$6,000, which kindly

return to our representative if we are not the highest bidders.

Yours truly,  
FARSON, LEACH & CO.,  
Warner.

P. S.—This bid is made subject to our receiving the award for the whole issue.

From Kountze Bros.:

For the one hundred and forty thousand (\$140,000) dollars 30-year without option of prior redemption, school bonds, in \$1,000 denominations, bearing interest at 4 per cent, payable semi-annually, advertised by you for sale to-day, we bid, subject to the approval of our attorneys as to the legality of issue, all documents required by them in making their examination to be furnished by you, 100.10 and interest (par and the hundredths).

We enclose herewith certified check for five thousand (\$5,000) dollars to apply on purchase price if the bonds are awarded us, but to be returned immediately to us should our attorneys not approve the legality of the issue upon our notice to you to that effect.

Respectfully yours,  
KOUNTZE BROS.

The following communication from His Honor Mayor Lankering was presented, read and referred to the Committee on Lamps and Gas:

Hoboken, Jan. 13, 1903.

To the Council:

Gentlemen—Numerous complaints relative to the inferior quality of gas supplied to our citizens are being continually made to me, with a request that I take some steps to remedy the trouble. It must be conceded that the gas supplied by the Public Service Corporation is the most inferior article that has ever been produced for use by a long-suffering and hopeful public. This gas must be intended for heating and not lighting purposes, because three jets at full pressure will not satisfactorily light a medium size room. The electric light is often put in to assist the gas in many stores and houses, and in this way the public are taxed doubly for light. The present price paid for gas by our citizens is very high, and should entitle them to a first-class product, and I am of the opinion that your Honorable Body should take steps at once either to bring up the quality of the gas or to bring down the high price at present paid for it. The electric light is very much on a par with the gas, and I think a committee might be appointed by your Honorable Body to investigate the whole question.

Yours respectfully,

A. LANKERING,

Mayor.

The following communication from James F. Minturn, Corporation Attorney, enclosing an ordinance to provide for the efficient sewerage of the lowlands in the City of Hoboken, was presented, read and referred to the Committee on Sewers:

The following preamble and resolutions from the Committee on Streets and Assessments was presented and read:

To the Honorable the Mayor and Council:

Whereas, The Commissioners of Assessments have filed their map and report for the improvement of Harrison street, between First and Second streets; and

Whereas, The Council have caused the proper notice to be advertised thtt objections thereto would be received; and

Whereas, At the time specified there were no objections received; therefore be it

Resolved, That the assessment map and report of the improvement of Harrison street, between First and Second streets, be and the same is hereby confirmed, and that the City Clerk be and he is hereby directed to turn the same over to the Collector of Revenue with instructions to that officer to proceed to collect the same according to law.

H. R. HOPPE,

ANDREW HOPPER,

DANIEL J. MCCARTHY,

Resolved That the City Clerk be and he is hereby directed to require from each applicant for a license to keep a house of public entertainment the production of his citizenship papers, and unless such papers be produced that the City Clerk reject the application and refuse the license fee or any part thereof.

Adopted by the following vote:

Ayes—Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Stell.

Nays--None  
Absent--None.

Councilmen Steil, Duffy, Hopper, Fitzpatrick, Hoppe, O'Rourke, Schultze, McCarthy and Voll presented the following:

Whereas, James J. Fox, a member of this Common Council, is about to retire from his public duties in behalf of this city for whose best interests he has labored diligently and efficiently for three terms as a member of this Common Council to the credit of himself and his Ward, and

Whereas, We appreciate his services in behalf of the city and regret the loss of his wise and genial companionship in future deliberations of this body; therefore,

Resolved That we, the members of this Common Council of the City of Hoboken, tender to James J. Fox his official Councilmanic badge as a token of our respect and appreciation of his past public services and our best wishes for his future welfare.

Adopted by the following vote:

Ayes--Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Steil.

Nays--None.  
Absent--None.

Councilmen Duffy, Hopper, Fitzpatrick, Schultze, McCarthy, Hoppe, Steil and O'Rourke presented the following:

Whereas, The condition of the gas supply to the people of this city is so poor as to require the use of double the quantity formerly used by a consumer, so that the price thereof while nominally lower is in reality greater, and

Whereas, A public demand has arisen for a supply of better and cheaper gas for the people, which can only be supplied by a real public service; therefore,

Resolved, That the Corporation Attorney be and he is hereby directed to frame an act for passage by the Legislature enabling this city to purchase or construct its own gas works by issuing bonds for the cost or construction thereof, and that the members of the Legislature be requested to pass the same.

Councilmen Hoppe, Duffy, Hopper, Fitzpatrick, Schultze, McCarthy, Steil and O'Rourke presented the following:

Whereas, The condition of the trolley service in this city during this winter has been so intolerable as to call forth universal and most

emphatic protests from the press and public; and

Whereas, The trolley company has received most valuable rights and privileges upon our streets, and has rendered nothing in return to the City Treasurer therefor; and

Whereas, A complete and well regulated public street service is absolutely necessary to the development and progress of our city, and the tendency of all modern cities is to place the control of such utilities in the hands of the people themselves, so that mistakes, omissions and bad management may be corrected in response to the public demand.

Therefore resolved, That it is the sense of the Mayor and Council of the City of Hoboken that the system of street railways now in operation therein should be public property, owned and operated by the city and for the benefit and convenience of the people, and that the revenues derived therefrom should be paid into the city treasury.

Resolved, That the Corporation Attorney draw an act for passage by the present legislature to enable this city to purchase by condemnation the street railways running through the city along Washington street, Willow avenue and Clinton streets, from ferry to ferry, and to issue bonds for the purchase price, and to thereafter operate and control the same in the interest of the people; and that our representatives in the legislature be and they are hereby requested to secure the passage of said bill with all convenient speed.

Resolved, That the Corporation Attorney be and he is hereby directed to co-operate with the Attorney of West Hoboken in sustaining before the Supreme Court the action of the Council of that town in repealing the ordinance granting to the Jersey City, Hoboken and Paterson Street Railway Company the right to operate cars by electricity in said town.

Adopted by the following vote:

Ayes--Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Steil.

Nays--None.  
Absent--None.

To the Honorable Body of the City Council:  
Gentlemen—The following resolution was unanimously adopted by the above local at its general meeting, January 17, 1904:

Whereas, The present condition of the streets of Hoboken are such as to be most dangerous to the health and lives of the members of this organization and their families, as well as the health and lives of all citizens of Hoboken; and

Whereas, The city authorities did not even deem it necessary to cause the street crossings to be cleaned of snow and ice, thereby endangering the life and limb of the citizens; and

Whereas, We deem it the duty of the city authorities to cause the streets to be kept in such condition as to be safe for persons to travel on; now therefore be it

Resolved, That we the members of Local No. 271, I. L. M. & T. W., in general meeting assembled, enter our most emphatic protest against such inaction and negligence of their duty by the city authorities in not causing the public streets to be kept in a passable condition and thus jeopardizing the lives of all inhabitants; and be it further

Resolved, That a committee be elected to wait upon the honorable body of the City Council at its next meeting to personally enter

such protest in the name of the members of this organization before that honorable body.

The following report from the Committee on Laws and Ordinances was presented and read:

Hoboken, Feb. 24, 1904.

To the Council:

Gentlemen—Your Committee on Laws and Ordinances, to whom was referred a communication from the Business Men's Association, received at a meeting of the Council held January 27, 1904, requesting that an ordinance be passed requiring all stores doing a general merchandise business to close at 12 o'clock noon on Sundays and holidays, beg leave to report that we have communicated with the Corporation Attorney in reference to this matter and his opinion is herewith respectfully submitted.

PATRICK H. DUFFY,  
J. O'ROURKE,

Committee.

Office of the Corporation Attorney,  
Hoboken, Feb 23, 1904.

To the Honorable Council:

Gentlemen—I am in receipt of a communication to your Honorable Body from the Business Men's Association of this city, requesting your Honorable Body to pass an ordinance requiring all stores doing a general merchandise

business to close at 12 o'clock noon on Sundays and legal holidays, upon which communication your Honorable Body desires my opinion.

I do not think your Honorable Body would be justified in passing the ordinance required by this Association, for the reason that the law of the State requires such stores to close at twelve o'clock Saturday night, making Sunday a day of rest. It is made so for the general good of the community, as well as for the purpose of religious observance, and if your Honorable Body were to pass an ordinance requiring storekeepers to close at twelve o'clock noon on Sundays you would thereby expressly sanction and tolerate the non-observance of the law between midnight Saturday and noon of Sunday. This would mean the violation of your oaths as Councilmen to uphold the law of the City and State, and in addition you would thereby invite the risk of indictment.

Yours truly,  
JAMES F. MINTURN,  
Corporation Attorney.

Councilman Duffy moved that the report from the Committee be received and spread in full upon the minutes.

Adopted by the following vote:

Ayes—Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze and Chairman Steil.

Report of Chief of Police Hayes, on the lights reported not burning by the officers of his department for the month of January, 1904, was presented, read and referred to the Committee on Lamps and Gas.

The following communication from Richard Bowes, Collector of Revenue, forwarding return of assessment fully paid on the improvement of Monroe street, between Fifth and Eighth streets, was presented, read and referred to the Committee on Finance and Salaries:

Office of Collector of Revenue,  
Hoboken, Feb. 24, 1904.

To the Honorable the Mayor and Council:

Gentlemen—I have this day filed with the City Clerk a statement of the assessment filed in my office December 3, 1902, for the improvement of Monroe street, between Fifth and Eighth streets, being for paving, grading, curbing, etc., which assessment was confirmed by your Honorable Body on the 26th day of November, 1902, and duly approved by Mayor Adolph Lankering on the second day of December, 1902, the total of which assessment amounted to \$8,518.32, and \$52.71 interest in addition, I have collected thereto the sum of \$8,571.03 and turned the same over to Mr. James Smith, Treasurer City of Hoboken, taking his receipts for same, which leaves no delinquency due and owing on said improvement.

Respectfully submitted,

RICHARD BOWES,  
Collector of Revenue.

The following communication from Ivins D. Applegate, Chief Engineer of the Hoboken Fire Department, was presented, read and referred to the Committee on Fire and Water:

Fire Department Headquarters,  
Hoboken, Feb. 16, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

This is to certify that George Busher and Henry Errion have served the time required by law as volunteer firemen in the City of Hoboken, and do hereby make application for their exempt certificates.

Respectfully,

IVINS D. APPLEGATE,  
Chief Engineer H. F. D.

The following communication from John F. Keating, Clerk of the Board of Fire Commissioners, enclosing preamble and resolution from the said Board, was presented, read and referred to the Committee on Finance and Salaries:

Fire Commissioners' Headquarters,  
No. 128 Hudson Street,  
Hoboken, Feb. 24, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—At a meeting of the Board of Fire Commissioners, held on Tuesday evening, February 23, 1904, the enclosed copy of a preamble and resolution was adopted, and I was directed to communicate same to your Honorable Body for your immediate attention and consideration.

Yours respectfully,  
JOHN F. KEATING,  
Clerk.

Whereas, Owing to the insufficient appropriation allowed by the Board of Tax Commissioners for the support and maintenance of this department, and the additional purchase of more horses for the equipment of our heavy trucks, with new harness and hangers for same, and the necessary repairs required to our reserve engine, now in repair shops at Elmira, N. Y., this Board will not have enough funds to cover the necessary running expenses of this department for the fiscal year; therefore be it

Resolved, That the Clerk be directed to communicate with the Mayor and Council and request them to provide the sum of \$6,500 for the use of this department to meet necessary obligations for the balance of our fiscal year.

Signed.

LOUIS RATHJEN,  
FRANK PICHELTO,  
JAMES WHALEN.

AN ORDINANCE to provide for the issue of \$140,000 School Bonds, and prescribing the form thereof.

Whereas, Under an act entitled "An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, the Board of Education and the Board of School Estimate of this city have taken such proceedings, and made such certificates, that the Common Council of this city is, under said act, authorized to issue \$140,000 school bonds; and

Whereas, The said Common Council, by an ordinance passed January 13, 1904, and approved January 15, 1904, and duly published, provided for the issuance of said \$140,000 school bonds for the purpose of purchasing the necessary land and erecting thereon and furnishing a school house; and

Whereas, Said bonds have been duly advertised for sale and bids received therefor, and have been duly sold to Farson, Leach & Company, at the price of 100 675 and accrued interest to date of delivery of the bonds, they being the highest bidders therefor; and

Whereas, The total amount of bonds heretofore issued for school purposes and still unredeemed, including the \$140,000 bonds now authorized to be issued, does not exceed an amount or sum equal to three per centum of the taxable valuation of the real and personal property of this city;

Now, therefore, the Mayor and Council of the City of Hoboken do ordain as follows.

Section 1. Said \$140,000 bonds shall be in substantially the following form, to wit:

UNITED STATES OF AMERICA,  
STATE OF NEW JERSEY,  
CITY OF HOBOKEN SCHOOL BOND.

No. ... \$1,000.

Know all men by these presents, That the

Mayor and Council of the City of Hoboken, a municipal corporation in the County of Hudson and State of New Jersey, for value received, hereby acknowledges itself indebted and promises to pay to bearer the sum of one thousand dollars on the first day of March, 1934, with interest thereon at the rate of four per centum per annum, payable semi-annually on the first days of March and September, both principal and interest payable in lawful money of the United States of America, at the office of the City Treasurer, at the City Hall, in said city of Hoboken, such interest being payable upon the presentation and surrender of the coupons hereto attached as they severally become due, unless this bond shall be registered, in which event all unmatured coupons of this bond shall be cut off and cancelled by the Treasurer of said city and the name of the registered owner of this bond be placed in the registration clause on the back of this bond, together with the signature of the Treasurer of said city, and thereafter both principal and interest of this bond shall be payable to such registered owner or to his legal representatives and assigns, and this bond shall thereafter be transferable from time to time only by the registered owner in person or by attorney upon the books of the Treasurer of said city.

This bond is issued pursuant to and in strict conformity with the provisions of an act of the Legislature of the State of New Jersey, entitled "An act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 12, 1903, and the constitution and other statutes of said State in such cases made and provided, and ordinances, resolutions, proceedings and certificates of the City Council of said city, and of the Board of Education and Board of School Estimate of said city, duly adopted, published, taken and made as prescribed by law.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this bond, have existed, happened and been performed in full and strict compliance with the constitution and laws of the State of New Jersey, and that the amount of this bond, together with all other indebtedness of said city, does not exceed any limit prescribed by the constitution or statutes of said State. For the punctual payment of the principal and interest of this bond, the full faith and credit of said City of Hoboken are hereby solemnly and irrevocably pledged.

In witness whereof, said The Mayor and Council of the City of Hoboken has caused this bond to be signed by the Mayor and countersigned by the City Comptroller, and its cor-

porate seal to be hereto affixed, attested by the City Clerk, and the coupons hereto attached to bear the lithographed signature of the Mayor, and this bond to be dated the 1st day of March, 1934.

Mayor.

City Comptroller.

Attest:

City Clerk.

Section 2. When said bonds have been duly signed and sealed, they shall be delivered to said Farson, Leach & Company on the pay-

ment of the purchase price therefor, and the receipt of the City Treasurer for the purchase price shall be to the said purchasers a full acquittance therefor, and they shall not be bound to see to the application of the purchase money.

Section 3. For the purpose of meeting the interest on the said bonds as such interest falls due, and the principal thereof at maturity, the Assessors of the city shall annually include in their assessment a sum sufficient to meet such interest and principal of said bonds as the same respectively become due, which sum, when collected, shall be deposited with the City Treasurer in the sinking fund and applied only for said purposes.

An ordinance providing for the refunding and renewing of bonds of the City of Hoboken, which was presented, read and passed its first reading as read at a stated session of the Council held on January 27, 1904, and which was taken up for its second reading at a stated session of the Council held on February 10, 1904, and laid over, and which was taken up for its second reading and amended at a stated session of the Council held on February 24, 1904, and which was taken up and passed its second reading as read and amended at a stated session of the Council held on February 24, 1904.

Councilman O'Rourke moved that the ordinance be taken up for its third and final reading and read.

Adopted.

Councilman Hoppe then moved that the ordinance pass its third and final reading as read and be spread in full on the minutes.

Adopted by the following vote:

Ayes—Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Steil.

Nays—None.

Absent—None.

AN ORDINANCE providing for the refunding and renewing of bonds of the City of Hoboken.

Whereas, The Mayor and Council of the City of Hoboken have heretofore issued bonds of the City of Hoboken, in the sum of fifteen thousand dollars (\$15,000), of the following date and kind, to wit: Six per cent registered bonds for the erection of two engine houses, issued November 1, 1882; and

Whereas, In virtue of the provisions of an act of the Legislature entitled "An act authorizing cities to renew maturing bonds," approved March 16, 1893, the Common Council of the city or board having charge of the finances of the city, are authorized, with the approval of the Mayor, to renew said indebtedness or any part thereof by issuing bonds of the city for that purpose; therefore

The Mayor and Council of the City of Hoboken do ordain as follows:

Section 1. That bonds of the City of Hoboken be issued to the amount of fifteen thousand dollars (\$15,000), for the purpose of paying and refunding the following registered bonds, now due, to wit: Three six per cent registered bonds for the erection of two engine houses, issued November 1, 1882.

Section 2. That said bonds shall be signed by the Mayor and attested by the City Clerk and countersigned by the Comptroller, under the seal of the city, and shall be payable in twenty years (20 years) from the date of issue, and that said bonds shall bear interest at the rate of four per cent per annum, payable semi-annually at the office of the City Treasurer, at the City Hall at Hoboken; said bonds shall be coupon bonds of the denomination of \$1,000 each, and numbered consecutively from 1 to 15, both inclusive, or registered bonds, at the option of the purchaser, of such denomination as the purchaser may desire.

Section 3. That for the purpose of redeeming said bonds as they mature, the Assessors of the City of Hoboken shall assess and the Collector of the City of Hoboken shall collect a special tax annually of not less than five per centum of the aggregate amount of the said bonds, to wit: The sum of fifteen thousand dollars herein provided for; which sum shall be included in the annual tax levy and collected as other taxes are in the City of Hoboken, and when collected, shall be placed to the credit of the sinking fund to retire said bonds at maturity.

Section 4. That the interest on said bonds so issued shall be raised by a special tax to be annually levied and collected as other taxes are in the city by the said Assessors and Collector.

Section 5. That the said bonds shall be sold at public sale to the highest bidder at not less than par, upon advertisement made by the City Clerk according to law; provided, that the Mayor and Council may, in case a more favorable bid can be obtained at private sale than shall have been bid publicly for said bonds, sell the said bonds at private sale, but in no case for less than par.

Section 6. That all ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

An ordinance to provide for the appointment of a gas and public service inspector.

Councilman Hoppe moved that the ordinance be taken up for its first reading and read.

Adopted.

Councilman Hoppe then moved that the ordinance pass its first reading as read.

Councilman Voll moved to amend to lay over.

The amendment was adopted by the following vote:

Ayes—Councilmen Fitzpatrick, Schultze, O'Rourke, Voll and Chairman Steil.

The following report from George H. Steil, Chairman of the Committee of the Whole, was presented and read:

Hoboken, N. J., April 13, 1904.

To the Council:

Gentlemen—Your Committee of the Whole, to whom was referred the question of taking measures to obviate the dangers attendant upon the crossing at Seventeenth street and Willow avenue, would report that they, in conjunction with His Honor the Mayor, attended a conference at the office of the Corporation Attorney on the 6th inst., at which the various railroad interests were represented and discussed the question with said representatives as to the best means of avoiding the dangers incident to the public at the said crossing. The railroad representatives came prepared with a map showing the form of viaduct and discussed the question entirely from that standpoint, and proposed that if the city could procure the consent of the various property owners to be affected to the erection of the viaduct the railroads would probably arrange to pay the cost of its erection.

Your committee suggested to the representatives of the railroads that owing to the nature of the grade which would be necessary the viaduct would be useless for heavy trucking, particularly in winter, and as Willow avenue is the only outlet from Hoboken to the northern part of the County for such traffic, such a viaduct would be undesirable, and your committee proposed that the railroads consider the question of elevating their tracks or of depressing them. The railroad representatives promised to consider the matter from this standpoint, and the conference then adjourned.

Your committee would report as the result of the discussion of this important question that in their judgment a viaduct should not be built at this crossing because the same could not be used for heavy trucking, particularly in the winter time, and would practically bar the public outlet for that purpose between this city and Weehawken.

And the judgment of your committee further is that this question can be properly solved only by elevating the tracks of the railroad or depressing the same, so that the public may cross the street at grade.

And your committee are further of the opinion that any benefit to be derived by abolishing the grade crossing at this point will be derived by the railroad companies interested and not by the city; and that the city should bear no part of the expense made necessary by abolishing this crossing at grade.

Very truly yours,

GEORGE H. STEIL,

Chairman Committee of the Whole.

On motion of Councilman Schultze the report was received and adopted by the following vote:

Ayes—Councilmen Duffy, Fitzpatrick, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Steil.

The following communication from His Honor Mayor Lankering was presented and read:	

Mayor's Office,

Hoboken, N. J., April 27.

To the Council:

Gentlemen—During the last winter the supply of gas to the people of this city for lighting and heating by the Hudson County Gas Company gave cause not only to a great deal of annoyance and inconvenience, but also became dangerous, due to the sinking of the candle power at times to such a degree that it would cease to be useful for illumination, but still retaining the poisonous effect upon life.

These conditions are still upon the people's mind and only the hope that your Honorable Body would do all in your power to bind the company under contract with the city for the supply of gas in such terms that similar conditions above referred to will not arise again has refrained them from expressing their disgust in public meetings.

The winter season was exceptionally severe and allowance must be made on this account, but, nevertheless, there can be no doubt as to the responsibility for the quality of gas supplied to the consumed during this time.

If I am rightly informed, the gas Hoboken is supplied with is produced by the so-called water process, or, in other words, consists of a certain percentage of oil gas.

The illuminating power of such gas depends largely upon the percentage of oil gas and the quality of this oil gas again upon the quality of the natural oil used. When the natural oil used in the production of gas, is of an inferior quality the impurities carried over into the gas will cause sediment in the pipes and burners, obstruct the proper flow of gas and give reason for endless complaints.

The condensation of water gas in the pipes during the cold season can hardly be avoided, but it depends upon the percentage of water gas in the gas supplied whether this condensation takes place in a stronger or milder form, and consequently causes the gas pipes to freeze more or less.

It may logically be assumed, that, to overcome the clogging of the gas pipes through aforementioned sediment or impurities or by reason of freezing of condensed water gas, extra pressure is used by the gas company to force the supply and this may account for extreme high gas bills.

The mayor and council have no right to assume the superintendence over the gas works or the manufacturing of the gas, but the people expect the supply of gas of "standard" quality and if such gas can be supplied the general conditions during the cold season, in comparison to last winter, would be greatly improved.

In recognition of public sentiment you have accepted the opportunity at the expiration of the present contract for the supply of gas for lighting, and in your specifications adopted and approved on the 13th of this month have taken exceptional care to cover the interest of the city.

You are deserving of commendation for the conscientiousness exhibited in treating this very important problem, and I heartily approve of what you have done so far.

You have raised the standard of gas lighting to twenty candle power and have reserved the right at any time, during the term of the contract, to test or have tests made of the candle power of the lights furnished and if the tests should prove that the candle power be less, proportionate deductions shall be made from the amount of contract and the contracting company to pay the cost of such tests.

After careful consideration I have come to the conclusion that the simple deduction for insufficient candle power of the lights furnished to the city in proportion to the "standard" is not binding enough, and it may be more profitable to the gas company to permit the deduction on their claims for the supply to the city than to uphold the "standard" candle power in the general supply to the individual consumer.

During last winter the candle power of the supplied gas very often did not reach a higher point than 11 and 12 candle power, and even at times sunk to 9, while at present it is not much over 16.

I therefore would recommend that the contracting company be held, in case the candle power of the lights furnished should fall below the standard, in addition to the deduction,

equal to the increase of the quality of the light, and the cost of test by a penalty to be imposed upon them for each and every day that they are shown to be below the standard stipulated, and the same also to be deducted from their account.

This penalty should be large enough to expel any doubt as to the faithful performance of their part of the agreement for the coming term of contract. And where the city is allowed such deduction I would recommend that the individual consumer, upon presentation of his bill at the office of the company for payment be allowed a corresponding and proportional deduction in his bill, so that both the city, as a corporation, and the citizens generally shall benefit by the deduction.

Furthermore, I recommend the establishment of a photometric station, where regular tests, say once every week or as often as your Honorable Body may deem it necessary, could be made and properly recorded.

Such test station could be established without great expense to the city and the service of an expert chemist with special experience could be secured without any great trouble.

An appropriation for the purpose of establishing a photometric test station and to meet the expense of maintenance and tests I would consider in the interest of the taxpayer and the public at large.

Respectfully,

A. LANKERING,  
Mayor.

Councilman Hoppe moved that the communication from His Honor the Mayor be received and referred to the Committee on Laws and Ordinances in conjunction with the Corporation Attorney.

Adopted.

The following communication from His Honor Mayor Lankering was presented and read:

Mayor's Office,  
Hoboken, May 11, 1904.

To the Council:

Gentlemen—The appearance of the additional bidders for the purpose of lighting the city in accordance with the advertisement inserted by the city in the official paper, serves as an inducement for me to recall to your Honorable Body the fact that early in the present year I called your attention to the necessity of doing something to improve our present condition as to lights, and I took occasion to suggest to several of your Honorable Body the advisability of constructing a gas and electric lighting

plant for the city's use. The Corporation Attorney, in accordance with this suggestion, drew two bills for that purpose, which I am informed were introduced, but never passed by the Legislature. I have reason to believe that, as matters stand, we have sufficient authority to construct such plants, and I think it to the best interest of the people that the work be undertaken at once. This plan is not only to the best interest of the city, but it is in accordance with the best enlightened thought and theories of municipal progress throughout the world, and I would therefore advise your Honorable Body to appoint a committee in conjunction with the Corporation Attorney to propose ways and means to bring about this result.

Respectfully yours,

A. LANKERING,

Mayor.

Councilman Hoppe moved that the communication from His Honor the Mayor be received and referred to the Committee of the Whole.

Adopted.

The following communication from His Honor Mayor Lankering was presented and read:

Mayor's Office,

Hoboken, N. J., May 25, 1904.

To the Council:

Gentlemen—The United Electric Company of New Jersey and its successor, the Public Service Corporation of New Jersey, have been charging the City of Hoboken under the last contract, \$100 per year for each electric arc light furnished to this city, while the said corporation have furnished and are now furnishing similar arc lights to Harrison at \$94.50 per year each, to Bloomfield at \$72 per year each, to Orange at \$85 per year each, to Montclair at \$90 per year each, to Vailsburg at \$90 per year each.

It is well known that the cost of the production and distribution of electric light has been greatly lessened within the last five years, and that the electric light company receives a large and constantly increasing revenue from other consumers; therefore I think the City of Hoboken should share the benefits of the decrease of cost and production.

Your endeavors to secure for the City of Hoboken light at a reasonable price have been up to the present time unsuccessful, but I hold as a fundamental principle that all corporations enjoying a franchise of this character, and the complete or partial monopoly resulting therefrom, are bound to serve the public upon reasonable terms and upon reasonable rates, so that neither the public is at the mercy of the corporation enjoying the franchise nor are the corporations at the mercy of the public, and that if the private corporation demands an unreasonable price the municipality may offer what it conceives to be a reasonable compensation.

In consideration of above mentioned facts, and if your Honorable Body may not be able to overcome the legal obstructions to build and erect an electric light and gas plant, as recommended at your last meeting in my communication directed to you, at the present time, or if no acceptable propositions for the lighting of the streets of this city are presented to you, I would recommend that a resolution be drawn and adopted to offer the Public Service Corporation a contract for 250 or more 2,000 candle power arc lights at the rate of \$72 per lamp per annum for five years from July 1, 1894, under the proviso that all wires be put underground within a reasonable time, and the present unsightly poles replaced by poles for lamps similar to those now on Broad street, in the City of Newark, lately erected by said corporation.

Furthermore, that the Mayor and Council have the free use of the underground subways or conduits for wires of the fire alarm and police signal system of the City of Hoboken.

Respectfully,

A. LANKERING,

Mayor.

Councilman Hope moved that the communication from His Honor the Mayor be received, spread in full on the minutes and referred to the Committee on Lamps and Gas.

Adopted.

The following preamble and resolution from Councilman H. G. Voll were presented and read:

Whereas, The citizens and taxpayers of this city have expressed their objections against the award of the contract for city street lighting under the proposals above stated for by the City Clerk, and bids under which were submitted to the Common Council at a regular meeting held April 27, 1904; and

Whereas, It has been represented that if re-advertisement were made for proposals for city street lighting under fair conditions that the city would thereby invite competition by independent bidders and bidders other than the corporation holding the present contract for city street lighting; and

Whereas, We, as members of the Common Council of the City of Hoboken, should give heed to the representations and wishes of the citizens and taxpayers of our municipality, and should be ever ready to aid in the procurement of the best commodities for the most reasonable price; and

Whereas, It has been represented that this municipality may save in the matter of the award of the contract for city street lighting by a re-advertisement for proposals therefor, an amount equivalent to about the sum of

\$5,000 for a five years' contract, or at least that by re-advertisement bidders would offer to give to the City of Hoboken such light as is required by the specifications now on file in the City Clerk's office, or an amount greatly below that which said light is now offered by the bids presented;

Resolved, That the bids presented to the Mayor and Council of the City of Hoboken at the meeting of the Common Council held Wednesday evening, April 27, 1904, be and the same are hereby rejected, it being deemed in the interest of the city to reject said bids; and be it further

Resolved, That sealed proposals for the furnishing of electric arc, gas, hydro-carbon or other light and the proper care, lighting and the extinguishing of the same in the City of Hoboken, be re-advertised for, and in said advertisement it shall be distinctly stated that bids will be received as follows:

(a) Price per lamp per year for one year from June 14, 1904.

(b) Price per lamp per year for two years from June 14, 1905.

(c) Price per lamp per year for four years from June 14, 1905.

Councilman Hoppe moved that the preambles and resolutions be referred to the Committee on Lamps and Gas.

Adopted.

Chairman Stell invited any citizen that wanted to be heard relative to city street lighting.

Counselor Fallon appeared in behalf of the Hoboken Innkeepers' Association and the Cigarmakers' Union of Hoboken.

Petition of property owners for the pavement of Hudson street, from Hudson place to Newark street, with asphalt pavement, was presented, read and referred to the Committee on Streets and Assessments.

The following petition from property owners in the vicinity of 72 Hudson street, was presented, read and, on motion of Councilman Hoppe, ordered spread in full on the minutes and referred to the Committee on Licenses:

Hoboken, N. J., May 23, 1904.

To the Honorable the Board of Council of the City of Hoboken:

Gentlemen—We the undersigned, owners of

property on Hudson street, between Newark and Ferry streets, respectfully petition your Honorable Body not to grant a saloon license for the store at No. 72 Hudson street.

As is well known to the Police Department, this place has been conducted in the past in such a manner as to be decidedly objectionable to us, and we feel from past experience that we do not want to be further annoyed. We respectfully submit that there is little or no traffic by the place from which to attract legitimate trade, and if there is there are a sufficient number of saloons in the neighborhood.

We would also call the attention of your Honorable Body to the fact that there is a business college located within about sixty feet of No. 72 Hudson street. This college is in session all year, day and evening, and is attended chiefly by young women, many of whom are residents of this city.

Respectfully,

(Signed by a number of property owners in the immediate vicinity).

Communication from P. J. Murray, Secretary of the Exempt Firemen's Association, requesting the Council for a donation for the proper observance of Memorial Day, was presented, read and referred to the Committee on Finance and Salaries.

Communication from James Connell, First Lieutenant of Company K, Fourth Regiment, asking the Council for a donation for the proper observance of Memorial Day, was presented, read and referred to the Committee on Finance and Salaries.

Communication from John Schmalz, relative to the condition of Eighth street, between Clinton street and Grand street, was presented, read and referred to the Committee on Streets and Assessments.

The following communication from the Public Service Corporation was presented, read and referred to the Committee on Streets and Assessments:

Public Service Corp. of N. J.,  
Street Railway Dept.,  
29 Exchange Place,

Jersey City, May 19, 1904.

To the Honorable Mayor and Council of the City of Hoboken:

Gentlemen—Referring to a resolution pending before your Honorable Body with reference to the turnout on First street, between Bloom-

field and Washington streets, I respectfully request that this turnout be not interfered with. It greatly facilitates the movements of cars during blockades and its removal would cause serious inconvenience to the public. If there are any defects in the pavement between our tracks, or directly adjacent to the same, we are ready and willing to maintain and keep it in proper repair. We are also willing to sprinkle our car tracks, but feel that it would be only fair that your Honorable Body should furnish the water free of charge.

Respectfully,

ALBERT H. STANLEY,  
General Superintendent.

The following report from the Special Committee from the Council appointed to confer with the Park Commissioners was presented and read:

To the Honorable the Council of the City of Hoboken:

Gentlemen—Your Committee appointed to confer with the Hudson County Park Commissioners, in conjunction with the Corporation Attorney, relative to procuring a recreation ground for the children of the city, report that they appeared before the Park Commissioners at their rooms in Jersey City, on Tuesday, the 24th inst., and laid the matter of Hoboken's claim to a public park or recreation ground before the Commissioners and discussed the matter from all points of view with the said Commissioners.

Your Committee further reports that they suggested the purchase of the St. George Cricket Grounds, with the ground to the south thereof, extending to Eighth street, between Clinton and Grand streets, and promised to procure for the Commissioners the purchase price of the said lands.

Your Committee are further pleased to report that the Commissioners manifested a desire to accommodate the people of the City of Hoboken in this respect, and promised to do all in their power, when the figures are submitted to them, to bring about the purchase of the site.

Your Committee would therefore beg leave at this juncture to report progress to your Honorable Body, with the hope that by your next meeting we will have received from the Park Commissioners a satisfactory report to this proposition.

Respectfully submitted,

H. R. HOPPE,  
Chairman.

Councilman Hoppe moved that the report of the Committee be received and spread in full on the minutes.

Adopted.

The following communication from James H. Londrigan, Clerk of the Board of Police Commissioners, was presented and read:

Office of the City Clerk,  
Hoboken, May 23, 1904.

To the Honorable the Common Council of the City of Hoboken:

Gentlemen—At a stated session of the Board of Police Commissioners, held on May 23, 1904, the following report of Chief of Police Hayes was presented, read and received, and I was directed to forward a copy of the same to your Honorable Body.

Respectfully yours,  
JAMES H. LONDRIGAN,  
Clerk of the Board of Police Commissioners.

Hoboken, May 1, 1904.

To the Honorable Board of Police Commissioners, City of Hoboken:

Gentlemen—I have the honor to submit to you my annual report as Chief of Police for the year ending April 30, 1904.

In this summary of the work accomplished during the past year, great credit should be accorded to the officers of my command for the energy, efficiency and perfect discipline manifested by them in the exercise of their official duties.

A recommendation I will present to your Honorable Body as the immediate adoption of the Bertillon system of criminal identification. The police are brought closely into contact with great numbers of the criminal element in consequence of the many lines of transportation located in this city, and as a result numerous arrests follow. To secure convictions in these cases, complete identification is very essential. Therefore, by means of the Bertillon system, which has been almost universally adopted, we would derive incalculable advantages on account of the interchangeable features connected with it, and the results of a closer unity with other police departments in our mutual labors for the public welfare.

I trust your Honorable Body will give this subject your earnest consideration as our present method is practically useless and obsolete.

Since my last annual report efforts have been made to relieve Police Headquarters from the dangers surrounding it by reason of its unsanitary site. The embankment around the prison has been cleared away and in a measure has answered its purpose in that location only. Conditions in the rest of our quarters remain unchanged.

A detention room for the accommodation of children, witnesses, etc., has been instituted during the past year. This room has proven of countless benefit to the department, for we come across numerous cases in which imprisonment would be, to say the least, injudicious.

By your recent action increasing the police force, we are at present able to afford our city that protection which was badly needed in the past.

In conclusion, gentlemen, I offer you the thanks of the entire department for the aid and encouragement you have given them in the performance of their duties. To Recorder Stanton we wish to express our appreciation for the assistance and hearty co-operation which he has extended to us as Police Magistrate.

Respectfully submitted,  
PATRICK HAYES, JR.,  
Chief of Police.

Councilman Hoppe moved that the communication be received and entered in full on the minutes.

Adopted.

Communication from property owners on First street, between Garden street and Park avenue, relative to bad condition of sewer in First street, was presented, read and referred to the Committee on Sewers.

Communication from property owners along the line of the proposed improvement of Sixth street, between Adams street and Monroe street, requesting the Council to appoint Michael Curry inspector on said improvement, was presented, read and referred to the Committee on Streets and Assessments.

The following communication from Frederick N. Eberhard was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, June 8, 1904.

Honorable Mayor and Council:

Gentlemen—In a return made to me by City

Clerk James H. Londrigan on property known as block No. 25, lot No. 29, Harrison street, there is open on the records return of Collector of Revenue date October 19, 1885, for taxes of 1884 an assessment of \$4.61 and interest of 38 cents, making a total of \$4.99.

I would therefore beg your Honorable Body to direct the Clerk to cancel the said assessment as the same has been adjusted by the Martin Act Commissioners and paid to the Collector of Revenue.

Yours respectfully,

FRED'K N. EBERHARD,  
Attorney.

The following communication from John J. Fallon, Counselor-at-Law, was presented, read and referred to the Committee on Finance and Salaries, in conjunction with the Corporation Attorney:

Hoboken, June 6, 1904.

The Mayor and Council of the City of Hoboken, N. J.:

Gentlemen—I have this day instituted a suit against the City of Hoboken to recover the sum of \$3,437.12, together with interest, due to Joseph Waddington for work done and materials furnished at Elysian Park, according to contract. This work was done several years ago and the particulars thereof you are fully apprised of.

Very truly yours,

JOHN J. FALLON.

Summons on contract. Joseph Waddington vs. The Mayor and Council of the City of Hoboken, was presented, read and referred to the Committee on Finance and Salaries, in conjunction with the Corporation Attorney.

Communication from L. Fugazzi offering to bond William Davis to the Mayor and Council if the contract for removal of ashes and garbage is awarded to him, was presented, read and referred to the Committee on Streets and Assessments.

The following communication from John A. Cross, Secretary of the Board of Tax Commissioners, forwarding resolutions adopted by the said Board, was presented, read and received:

Hoboken, N. J., May 31, 1904.

To the Honorable the Mayor and Council:

Gentlemen—The enclosed resolutions were adopted by the Board of Tax Commissioners at a meeting held on Tuesday evening, May 31, 1904, and a copy thereof directed to be forwarded to your Honorable Body:

Respectfully,

JOHN A. CROSS,  
Secretary.

Whereas, The lower section of the city with its dense population at present possesses no

park, square or other open breathing place, and

Whereas, The health and betterment of our populace is one of the first improvements that should be considered, and

Whereas, Such betterment cannot more judiciously be applied than in the aforesaid section; therefore be it

Resolved, That this Board would recommend to the Mayor and Council the purchase of a plot of ground in the lower section of the city for par kpurposes; and be it further

Resolved, That a copy of these resolutions be forwarded to the Mayor and Council.

Whereas, The City Charter provides that this Board shall organize on the second Monday in May and complete its labors on or before the first day of June in each year, and

Whereas, In the opinion of the members of this Board the time allotted in which to transact business is too short to allow a careful investigation of the requirements of the various departments which is necessary if fair and reasonable appropriation as to be made in each case, and

Whereas, The members of this Board being elected in November of each year there is apparently no reason why the Board could not be organized a month or two earlier than at present, providing the necessary amendment to the Charter was made; therefore be it

Resolved, That the Mayor and C.mmon Council be requested to do or cause to be done such acts as will permit of the organization of the Board of Tax Commissioners at as early a date previous to that now fixed as will permit of the transaction of its business in a thorough and satisfactory manner, and

Resolved, That a copy of these preambles and resolutions be "certified" to the Honorable Mayor and Common Council.

Office of City Clerk,  
Hoboken, N. J., June 8, 1904.

To the Honorable Mayor and Council:

Gentlemen—I herewith present to your Honorable Body a communication accompanied by a map, sent to me by Edwin A. S. Lewis.

Respectfully submitted,  
JAMES H. LONDRIGAN,  
City Clerk.

Office of Lewis, Besson & Stevens,  
Counselors-at-Law.

May 27, 1904.

Mr. James H. Londrigan, City Clerk, Hoboken, N. J.:

Dear Sir—I send to you by bearer a copy of a map dedicating Castle Point Terrace and a portion of Eighth and Ninth streets in the City of Hoboken. The original of this map was filed in the office of the Register of Hudson County in December, 1903, and the streets marked out and designated on the map have been public streets since that time.

Yours very truly,

EDWIN A. S. LEWIS,

The following annual report from James H. Londrigan, City Clerk, was presented, read and referred to the Committee on Finance and Salaries:

Office of City Clerk,

Hoboken, N. J., May 10, 1904.

To the Honorable Mayor and Council:

Gentlemen—I most respectfully report that from May 4, 1903, at 12 m., to May 2, 1904, at 12 m., there was collected for house of public entertainment licenses, transfers, peddlers and miscellaneous licenses the sum of \$101,800; for indexing and recording Martin Act papers, the sum of \$6.10; making a total of \$101,806.10.

All of which has been turned over to Mr. James Smith, City Treasurer, whose receipts for same are in my possession and certified to as correct on my book by the Comptroller.

Respectfully submitted,

JAMES H. LONDRIGAN,

City Clerk.

The following annual report from James H. Londrigan, City Clerk, was presented, read and referred to the Committee on Finance and Salaries:

Office of City Clerk,

Hoboken, N. J., May 11, 1904.

To the Honorable the Mayor and Council:

Gentlemen—I beg leave to report to your Honorable Body that I have collected for the years 1902, 1903 and 1904, for license badges the sum of \$232.50. For the same years there have been badges returned and redeemed by me for a sum total of \$115. Leaving a balance of \$117.50.

All of which I have turned over to Mr. James Smith, City Treasurer, whose receipt for same is in my possession.

Respectfully submitted,

JAMES H. LONDRIGAN,

City Clerk.

The following report from the Board of Health was presented, read and referred to the Committee on Finance and Salaries:

Office of Board of Health,

To the Mayor and Council of the City of Hoboken, N. J.:

Gentlemen—The Board of Health of Hoboken herewith submits its annual report for the year ending April 30, 1904. Our city has been comparatively free from contagious diseases during the year just past. It is true that there has been the usual report of contagion, but they have been fewer in number; this no doubt has been due to the better sanitary condition prevailing in this city.

There has been no smallpox reported, and in fact very little in this section of the county, general vaccination being no doubt responsible for the prevention of this disease. Our water bids fair to be second to none in the near future, as the Hackensack Water Company is at present installing a filtration plant which will do away with the obnoxious features. During the past year several new ordinances have been passed for the better sanitary control of the city, which will be found appended to this report.

Our sewerage system still remains a source of danger as no matter how thoroughly or how often they are cleaned, they cannot be maintained in that condition long and the only proper relief to my mind is a proper pumping system.

Very respectfully,

E. T. STEADMAN,

President.

Report of Recorder Stanton on the collection of fines for the month of May, 1904, was presented, read and referred to the Committee on Finance and Salaries.

Hoboken, June 22, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—Replying to your communication dated May 25, 1904, would state that, agreeable to your request therein made, I have restored that portion of Elysian Park through which sewer was made, as also the ground adjoining; also the streets opened by my men for sewer connections, to their former condition. The Park I consider to be in far better shape than when I started the work in it.

The new street known as Castle Point terrace "was dedicated" as a public street on December 31, 1903.

Trusting that you will find everything done to your entire satisfaction, and thanking you for past favors, I am

Very truly yours,

ARTHUR SEITZ.

The following communication from James Smith, Treasurer of the Board of Trustees for Industrial Education of the City of Hoboken, was presented, read and referred to the Committee on Finance and Salaries:

Board of Trustees for Industrial Education,  
of the City of Hoboken, N. J.

Hoboken, June 22, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I would respectfully petition your Hoorable Body to have a warrant ordered drawn to the order of James Smith, Treasurer of Board of Industrial Education, in the sum of five thousand dollars, as per appropriation of the Board Tax Commissioners, for the support of industrial education for the year 1904-1905.

Respectfully,

JAMES SMITH,  
Treasurer.

The following communication from His Honor Mayor Lankering was presented and read:

Mayor's Office,  
Hoboken, June 22, 1904.

To the Council:

Gentlemen—In reference to the resolution awarding the contract for electric street lighting to the Public Service Corporation, passed at last session of your Honorable Body, and referred to me on June the 15th, I wish you would give my recommendations, submitted to you at a previous meeting, more serious consideration, and I now direct your attention to the promise of said company to place their wires underground.

This promise was made when by ordinance all sheds and other obstructions had to be removed from our main streets, and the property owners thus affected were given the assurance that the corporations would be compelled to do likewise, and have the unsightly poles and wires overhead removed.

At a subsequent conference held at my office, representatives of the Public Service Corpora-

tion, Western Union Telegraph Company and the New York and New Jersey Telephone Company declared their willingness to remove said poles and wires and agreed to submit acceptable propositions to carry on the work systematically; furthermore, the Public Service Company should be held to meet another promise to sprinkle the street between and about their tracks within this city's limits during the summer months.

I therefore request your Honorable Body to direct the Corporation Attorney by resolution to make a final demand upon aforementioned corporation to submit at once definite plans for the work of placing the present wires underground, and also to insist upon the Public Service Company to sprinkle streets as above stated, at once.

Unfortunately you are not in position to dictate any rates to be charged for electric lighting supplied by said corporation to the consumer, unless the complexion of the majority of the members of the coming legislature will be more favorably disposed to assist in legislation necessary to meet public sentiment in this case, but you should insist upon the fulfilment of promises made and afore referred to, and upon terms for lighting more acceptable.

In conclusion, I wish to say that public sentiment is very strongly opposed to the granting of further favors and privileges to individuals or combination of individual interest in connection with any illuminating scheme to supply the city, because any plan in competition with the present system should be under the immediate control of the city government.

I hope that above made request will be granted and lead to immediate action before the lighting contract is legally disposed of.

Respectfully,

A. LANKERING,  
Mayor.

Councilman Hoppe moved that the communication from His Honor the Mayor be received, spread in full on the minutes and referred to the Committee on Streets and Assessments.

Absent—None.

The original motion was then adopted by the following vote:

Ayes—Councilmen Duffy, Fitzpatrick, Hoppe, Hopper, McCarthy and Schultze.

Nays—Councilmen O'Rourke, Voll and Chairman Steil.

Absent—None.

The following communication from Street Commissioner Bayer, enclosing communication received from the Western Union Telegraph Company, was presented, read and referred to the Committee on Streets and Assessments:

Office of the Street Commissioner,  
Hoboken, June 22, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—Annexed you find an application made to me by the Western Union Telegraph Company, for renewal of about seventy-five line poles in the city, but as it is the aim of your Honorable Board to have placed all wires underground, I refer this matter to you for further action.

Very respectfully,  
BERNHARD BAYER,  
Street Commissioner.  
Hoboken, June 18, 1904.

To the Street Commissioner of the City of Hoboken:

We hereby ask permission to open street in front of numbers indicated on the back for the purpose of renewing unsound poles, putting safe ones in place of rotten ones and stringing new wires.

To the Honorable the Mayor and Council of the City of Hoboken:

We, the undersigned, who are the owners or represent the owners of the lands fronting on each side of Third street, between the easterly side of Washington street and the westerly side of River street, in the City of Hoboken, hereby request your Honorable Body to have said portion of Third street paved with asphalt pavement at the expense of the city.

Dated May, 1904.

Signed by property owners.

The following petition from property owners for the building of a sewer in Madison street, between Fifth and Eighth streets, was presented, read and referred to the Committee on Sewers:

Hoboken, July 27, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

We, the undersigned, property owners along Madison street, between Fifth and Eighth streets, representing more than three-fifths of the value of the property assessable for the improvement contemplated hereby, do respectfully petition your Honorable Body to have constructed in the above part of Madison street a brick sewer on a pile foundation to connect with the present sewer in Madison street at the southerly line of Fifth street, said sewer to be 26"x3'9" in the clear, and have all necessary manholes and receiving basins; also lay six-inch iron pipe culverts from the sewer to the curb lines, one to each lot.

The said sewer to be constructed under the direction of Tivy & Smith, City Surveyors.

The petitioners bind themselves to pay for the cost of said sewer such equitable assessment as may be determined by the Commissioners of Assessments.

The work to be done in accordance with Chapter 55 of the laws of 1904.

Signed by three-fifths of property owners.

Total valuation of property on above line of work .....	\$63,500 00
Valuation of property signed for.....	44,000 00
Three-fifths required by act.....	38,100 00

The following communication from James H. Londrigan, City Clerk, enclosing communication and resolution from Edwin A. S. Lewis, was presented, read and referred to the Committee on Streets and Assessments:

Office of City Clerk,  
Hoboken, July 26, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I herewith present to your Honorable Body a communication accompanied by a preamble and resolution handed to me by Mr. Edwin A. S. Lewis.

Yours respectfully,  
JAMES H. LONDRIGAN,  
City Clerk.

Office of Lewis, Besson & Stevens,  
Hoboken, June 30, 1904.

Mr. James H. Londrigan, City Clerk, Hoboken, N. J.:

Dear Sir—Col. Edwin A. Stevens and Richard Stevens and others have filed in the office of the Register of Hudson County, N. J., two maps, one dated June, 1903, and the other dated June, 1904, dedicating as public streets and highways certain streets laid out and designated on said maps and known as Eighth

street, Ninth street and Castle Point terrace. I have filed copies of the two maps with you and I enclose a resolution which I would like to have you present to the Council in this matter. It seems to me that in view of the fact that these streets have been dedicated as public streets and highways, it would be well for the Common Council to accept such dedication. I do not believe that such acceptance will place any additional burden upon the city, and it seems to me that such a resolution ought to be adopted.

May I ask you, please, to lay this matter before the Council?

With kind regards, I remain,

Yours very truly,

EDWIN A. S. LEWIS.

Whereas, Edwin A. Stevens, Richard Stevens and others have filed in the office of the Register of Hudson County two certain maps entitled respectively "Map of property belonging to Edwin A. Stevens and others, Hoboken, Hudson County, N. J.," made by W. F. Whittemore, Civil Engineer, June, 1903, and "Map of property belonging to Richard Stevens and others, Hoboken, Hudson County, N. J.," made by W. F. Whittemore, Civil Engineer, June, 1904, dedicating as public streets and highways under certain restrictions certain streets laid out and designated on said maps and known as Eighth street, Ninth street and Castle Point terrace; and

Whereas, Eighth street, as laid out and designated on said maps, is a street 32.50 feet in width extending from Hudson street to Castle Point terrace, and where as Ninth street, as laid out and designated on said maps is a street 49.61 feet in width, extending from Ninth street, as heretofore dedicated, to Castle Point terrace; and

Whereas, Castle Point terrace is a street seventy-five (75) feet in width, extending from Eighth street to what would be the southerly line of Tenth street if Tenth street were extended easterly; now therefore be it

Resolved, by the Common Council of the City of Hoboken, that the dedication of said Eighth street and Ninth street and Castle Point terrace as public streets and highways be accepted in accordance with the intention of the dedicators as shown by the making and filing of said maps.

The following report from the Committee of the Whole was presented and read:  
To the Council:

Your Committee of the Whole, to whom was referred the communication of License Inspector McGovern, in reference to the house of public entertainment lately conducted by Henry Brethauer at No. 130 Hudson street, Hoboken, would respectfully report that a copy of the charges of violating the liquor ordinance and a notice commanding said Henry Brethauer to appear before this Council on Jul y27, 1904, at 8 p. m., to answer said charges, were prepared by the City Clerk, but the same could not be served upon the said Henry Brethauer for the reason that he has vacated the above mentioned saloon and move dto th eCity of New York.

And your Committee would further report that the said Henry Brethauer, before removing to New York City, executed a transfer of license for the said saloon to one Vincent Palumbo, who is now conducting a saloon at the aforesaid place, and we would recommend in view of the fact that the said saloon is now being conducted in an orderly manner by said Vincent Palumbo, that the transfer of license be granted to him.

Respectfully submitted,  
GEORGE H. STEIL,  
Chairman.

JAMES H. LONDRIGAN,  
City Clerk.

sented, read and referred to the Committee on Licenses.

The following communication from Isaac May, signer of the bond of James Kenny for the removal of dead animals from within the corporate limits of the city of Hoboken, was presented, read and referred to the Committee on Streets and Assessments:

Harrison, N. J., Aug. 24, 1904.

To the Mayor and Board of Aldermen of the City of Hoboken:

Gentlemen—Owing to business circumstances, I find that it will be impossible for me to qualify as bondsman for James F. Kenny for the removal of dead animals, should said contract be awarded to him. So I hereby make application to your Honorable Body for the return of the proposal bond which I signed.

Yours most respectfully.

ISAAC MAY.

Communication from Ernst Wulff, enclosing bill for \$63.81, paid by him for repairing water pipes, etc., at Newark and Adams streets, said pipes being broken by contractor in the cleaning of the city's sewers, was presented, read and referred to the Committee on Sewers.

The following communication from the Hudson Consumers' Ice Company, was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, N. J., Aug. 24, 1904.

Hon. Board of Councilmen:

Gentlemen—We herewith ask you, the Honorable Board of Councilmen, kindly pass a resolution which will permit us to fill in Thirteenth street, from Monroe to Madison streets, at our expense, to the grade line, under supervision of Beyer & McCann, civil engineers. Awaiting your kind reply, we remain,

Very truly yours,

Hudson Consumers' Ice Co.,

P. J. KREUTZIG,

Secretary.

P. S.—The Hon. Board of Water Commissioners have laid water pipes from Monroe to Madison streets, and laid same on top of present grade, which are exposed to the elements at present and must be covered up under all circumstances before cold weather sets in.

The following communication from the Board of Health Commissioners was presented, read and referred to the Committee on Streets and Assessments:

To His Honor the Mayor, and Council of the City of Hoboken, N. J.:

Gentlemen—At a special meeting of this Board, held on Tuesday, August 9, 1904, the appended resolution was unanimously adopted and I was directed to forward a copy of the

same to His Honor the Mayor, and Council and the Police Department of this city.

Respectfully yours,

JOSEPH TUCKER,

Clerk.

"Resolved, That the Mayor and Council and the Police Department of this city be requested to report to this Board all cases of dumping of manure in the open lots of this city.

"G. M. SINCLAIR."

The following communication from Leon Abbett, attorney for Antonio Padavano, relative to the awarding of a contract for the removal of ashes and garbage, was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, N. J., Aug. 24, 1904.

To the Mayor and Council of the City of Hoboken:

Gentlemen—On behalf of Mr. Antonio Padavano, I desire to protest against the awarding of a contract for the removal of ashes, garbage, street sweepings, etc., to William Davis, of 80 Madison street, who submitted a proposal to do said work for six thousand dollars.

In the first place, the surety agreement, forming part of William Davis' proposal, is in the sum of \$6,000, instead of \$10,000, as provided in the specifications.

In the second place, the surety agreement is not signed by the sureties, but the names of the alleged sureties are typewritten.

In the third place, the affidavit of the security agreement does not show the names of the parties who were supposed to have been sworn to tell the truth, the place where the names of said parties should appear being left blank.

In the fourth place, I have had an examination of the records in the Hudson County Register's office and the report made to me is that the proposed surety, Harriet Davis, is not a freeholder, and that while the proposed surety, Felimén Liquori is a freeholder, owning lots 7 and 8 in block 69 on Coster map, for which she paid \$2,200. There appears to be mortgages on this property as follows: Mortgage dated July 1, 1901, for \$5,500; mortgage dated December 11, 1902, for \$1,000; mortgage dated June 3, 1903, for \$500.

Very truly,

(Signed) LEON ABBETT,

Atty for Antonio Padavano.

The following communication from His Honor Mayor Lankering, enclosing communication and bill for services from Alexander Potter, consulting civil engineer, and also his report on the proposed pumping system and the condition of sewers in the city of Hoboken, was presented and read:

Mayor's Office,

Hoboken, N. J., Aug. 24, 1904.

To the Council:

Gentlemen—I herewith submit the report of Mr. Alexander Potter, on the problem of drainage and sewerage for the City of Hoboken.

The report meets the entire proposition in detail, and I would advise that it be printed and distributed among our property owners. It may be taken up and discussed before your

Honorable Body at a public hearing, so that the public will fully understand and appreciate the proposed sewer system and its possible cost.

Furthermore, I refer to you a communication from Mr. Potter, with his bill for services rendered. I appreciate very much his work, and the reasons given for keeping his charges within the limit of the appropriation. His claim ought to be ordered paid.

Respectfully,

A. LANKERING,

Mayor.

August 24, 1904.

The Honorable Adolph Lankering, Mayor, Hoboken, N. J.:

Dear Sir—Enclosed please find my bill for services. It will be remembered that my fee was based upon a per diem of \$25 for each and every day which I devoted to the work. You informed me that the appropriation was limited to \$500, which practically meant that I should spend twenty days upon the work. The importance of this work to the people of Hoboken necessitated a longer time spent upon the investigation and study in connection with the problem, but as I do not wish to overrun the appropriation made for this special work I present bill for my services amounting to \$500, although I devoted a great deal more time to the study of the problem.

Trusting that the report will meet with your approval, and that I have the honor of being further associated with you, I remain,

Yours very truly,

(Signed)

ALEXANDER POTTER.

Aug. 24, 1904.

The City of Hoboken, N. J.,

To Alexander Potter, Dr.

To services as consulting engineer upon  
a plan for the drainage relief of the  
meadow district ..... \$500 00

Received payment.

August 23, 1904.

The Hon. Adolph Lankering, Mayor, and  
Members of the City Council, Hoboken,  
N. J.:

Gentlemen—I have the honor to present the following report in connection with that important improvement, the drainage relief of the Meadow District.

After notification from the City Clerk that I had been retained to report upon the feasibility and practicability of a plan already prepared for the relief of storm water and sewerage from the Meadow District of the City of Hoboken, in company with the Mayor I called upon Thomas H. McCann, M. Am. Soc. C. E., the Civil Engineer who had prepared the plan in question. Mr. McCann

courteously agreed to deliver to me copies of all plans in his possession, also copies of all estimates made by him. A list of the plans received from Mr. McCann is as follows:

General map of the City of Hoboken showing the existing and proposed sewers with their depths and sizes.

Five sheets of profiles of the main and lateral outlet sewers contemplated.

Three sheets of plans of pumping station.

One sheet of details of tidal gate.

I was also furnished with a copy of Mr. McCann's detailed estimate and computations.

#### EXAMINATION OF EXISTING SEWER.

An examination of the existing sewer was made by me for the purpose of determining if possible the cause of the apparent irregularities in the grades, and the question will be discussed in a subsequent part of the report.

#### DETERMINATION OF STREET LEVELS.

I also ran an independent line of levels over the surface of the streets upon which the sewer is proposed to be laid for the purpose of noting if any settlement had occurred in these streets since the grades were established, or in the grades of the pavements, which extend over certain section of the work, since they were laid. I find material variations between the surface of the streets when the grades were established and their present elevations, which leads me to the logical conclusion that some settlement has taken place in the street surfaces, as there is less likelihood of engineering errors in the elevations as delineated upon the plans. This settlement must in my opinion to a greater or less extent affect both grade and alignment of existing sewers unless the foundations placed under the sewer are of a sufficient strength to withstand the loads transmitted to them from the surface. While theoretically the support given the sewers should have been sufficient to prevent any settlement in the sewer, it is hardly possible that the irregular grade of the existing sewers was altogether intentional or due to carelessness in construction, but much of it is probably the result of settlement after construction.

In view of this I have therefore thought it advisable and have increased the estimates for piling fifty per cent. more than called for in the plans of Mr. McCann. This I think is a necessary precautionary measure.

#### SIZES.

I have gone over the sizes of sewers designed and find, with but few exceptions, that they are satisfactory; however, a few

cases where it is essential in my judgment to modify the plan of Mr. McCann are noted. I concur with Mr. McCann's assumption in arriving at his sizes. These sizes were determined on the basis of maintaining the tidal outlet extending from the intersection of Ferry street and Adams street to the head of the canal.

This tidal outlet varies in size from 4'6"x6' box culvert to an 8'x8' box culvert at the canal. The effective capacity of this outlet is greatly reduced because it is throated to a 30" pipe as it passes under the Delaware, Lackawanna and Western Railroad track. This reduction in area of the pipe decreases the discharging capacity of the outlet fully seventy-five per cent. This condition should be remedied.

After a careful study of the problem of relief through the tidal outlet, giving due weight and consideration to its advantages and disadvantages, it is advisable to make proper provision therefor. During the period when the tidal relief is effective the flow in the direction of Jefferson street to Grand street, instead of being in the direction of Grand street will be in the direction of Jefferson street, and as the flow in the upper end of Grand street will be towards Ferry street we are obliged to assume the sewer from Grand street to Jefferson street as caring for the water from the upper end of Grand street and the east end of Ferry street, from Garden street to Grand street. I would therefore recommend the increasing of the present 42-inch and 38-inch sewers on Ferry street to a 60-inch circular sewer.

I would recommend a change of the size of the main outlet on Fifteenth street from the pumping station at the corner of Fifteenth street and Park avenue to Grand street. On this street Mr. McCann designs an outlet sewer 58 inches by 8'6" from Willow avenue to Park avenue, and a 5'6"x8'3" egg shaped sewer from Willow avenue to Grand street. I would recommend the substitution of a 9'8"x9'5" circular sewer in place of the sizes designed. The cost of these changes has been included in my estimate.

I would recommend that concrete reinforced with steel be substituted for brick work in the construction of all sewers completed under the plans. In the construction of sewers of the sizes enumerated in the plans this construction can be built cheaper than brick work and at the same time be constructed more water tight. The use of steel in concrete gives, not only additional vertical and lateral stability, but also horizontal stability to the sewer. In soils such as are found at Hoboken

this additional increase in strength and water tightness is absolutely essential. At the time that Mr. McCann made his design the use of concrete steel for sewer construction had not reached that state of perfection that it has at the present day. At that time it had not truly passed beyond the experimental stage, but now in its use, as demonstrated throughout the country, it has passed beyond that stage and its utility is now upon such a sure basis that there remains no doubt as to its strength and practicability for sewer construction. Under such conditions as we will have at Hoboken a saving of twenty per cent. over the cost of brick sewers has been demonstrated over and over again to be possible of attainment, and I have no question as to the wisdom of the recommendation of its use for the sewers at Hoboken.

A sewer thus constructed through the material to be encountered on Grand street can with reasonable care be made water tight and thus insure no lowering of the present ground water line, a contingency more to be feared with ordinary brick construction, unless under rigorous inspection and with the use of waterproofing.

#### THE DESIGN.

Mr. McCann's design contemplates pumping the sewage of that portion of Hoboken lying west of and including Garden street, from Ferry street to Eleventh street, and west of and including Park street, from Eleventh street to Nineteenth street. The general scheme is the construction of a main outlet sewer along Grand street, from Newark street to Fifteenth street, thence along Fifteenth street from Grand street to Park avenue, to the pumping station; the sewage is then pumped through a conduit over the right of way of the Hoboken Railroad, Warehouse and Steamship Connection Company to the end of their pier, near the Sugar Refinery, with a storm water outlet at the head of the basin back of the Wall Paper Factory. While this location is in general satisfactory it might be possible to secure a site nearer the water where coal could be handled directly from barges into the coal bins and thus save expense of handling. Besides this main sewer through Grand street there is a lateral outlet which is to be constructed on Ferry street from Garden street to Harrison street, on Third street from Jefferson street to Marshall street, on Seventh street from Grand street to Harrison street, on Eleventh street from Grand street to Jackson street, and on Fifteenth street from Garden street to Madison street. The sizes of these sewers are shown

upon the plan and are enumerated in the list attached to this report.

The necessity of treating this section of the city by pumping is so obvious that it is quite necessary to discuss the various other methods which have from time to time been advanced for the treatment of the sewerage and drainage of this area. I thoroughly endorse the plan of Mr. McCann for pumping, and with the few and slight changes recommended it has my general endorsement.

In my opinion the best interest of the city will be subserved by the construction of an independent steam pumping plant. Mr. McCann suggests the use of electric motors with power furnished by the Public Service Corporation or other power company. At the time Mr. McCann made this report the Public Service Corporation was in a better position to quote a low rate for power than at present. The business you would have for the Public Service Corporation is not desirable business because the range between your normal and maximum load is so great, and the power company will be required to respond to your calls so promptly, that the hour of your maximum service might coincide with the hour of their own maximum service. In such a contingency one or the other would have to suffer and to avoid this it would be necessary for them to keep in reserve for your use alone about 350 horse power of boiler and electric motor capacity. They, therefore, are not anxious to handle all your work, although they offer a comparatively reasonable rate for the handling of the normal flow of sewage. To avail yourselves of their electric power for the normal flow of sewage would necessitate the installation of a gas engine plant to care for the storm flow in the sewers, which in such large units as are required at Hoboken would be expensive and complicated mechanisms.

So far as learned the Public Service Corporation does not desire to operate the plant themselves, they desire to furnish power. This being the case, it will be necessary to engage electricians and engineers to operate your plant in any event. With the necessity of engineers or electricians at your pumping station acknowledged, the simplest and best method of treating the problem under the peculiar conditions at Hoboken is by steam-driven centrifugal pumps, as the additional cost of operation of a boiler plant should not be greater than the cost of the power purchased from an independent power company. The cost of motors does not differ materially from the cost of boilers. Nothing is saved, either in the cost of operation or in the

initial cost of the plant, by purchasing power, and with their own plant the city would have the advantage of fully controlling the situation themselves. The best available evidence warrants a statement that \$50,000 is a sufficiently liberal estimate for the erection of the power station and machinery. The estimates herewith do not include the cost of land required for the pumping station; they do, however, include the cost of new cast iron house connection pipes where existing sewers are found.

It will be noted that the estimated cost is in excess of the estimate furnished by \$33,902.50. The difference can readily be made up by direct assessment against over one thousand city lots which do not now have sewerage facilities. It is the custom in Hoboken to charge \$125 for each lot receiving sewerage facilities. By the construction of this system of main sewers there are approximately two hundred lots not already provided with sewerage facilities which will have direct benefit from the sewer, while there are eight hundred lots which will have indirect benefit by the construction of the sewers contemplated, and which can with equal justice be charged for the benefit received.

In the case of the two hundred lots it is proper to charge the usual price of \$125 per lot, and in the case of the eight hundred lots a sum should be charged representing the benefit to them of the construction of this system of main and lateral outlet sewers. By the construction of this sewer the cost of the sublaterals will be reduced to not more than \$75 per lot and the general tax upon this property for the construction of this entire system now contemplated will approximate \$20 a lot. This leaves \$30 per lot as representing the direct benefit that the construction of this system of main and lateral outlets is to the eight hundred lots in question. These two items will produce \$19,000, or about \$15,000 in excess of the increase in my estimated cost over the estimated cost presented by your engineer.

#### GRADES.

I have examined carefully into the grades and capacity of the sewer as recommended by Mr. McCann, and find that they are satisfactory. The grades are sufficient to at all times produce a velocity to keep the sewers self-cleansed.

#### EFFECT OF THE CONSTRUCTION OF THIS OUTLET SEWER UPON EXISTING SEWERS.

It will be noticed that on the plan the proposed outlet sewer intersects the existing sewers at twelve different points, and as the proposed sewer is from two to five feet lower than the intersecting sewers, twelve free outfalls are

given to the existing sewers. These free outfalls will exist at all times excepting during heavy rainstorms, when all the sewers will be running full. The effect of these free outfalls upon the existing sewers, which, as is known by all, are constructed on very flat grades, and are by no means self-cleansing, will provide a velocity in these existing sewers which will have a tendency to remove from them a great deal of the deposit which now collects in them because of the congested condition of these outlets, and even these are only available during a very short portion of the day.

Besides these free outfalls this system of main and lateral trunks intersects the existing sewers at eleven other points at slightly lower elevations, all of which have a tendency to greatly improve the condition of the existing sewers. That these existing sewers need immediate attention cannot be gainsaid by anyone who cares to make even a cursory examination of their condition, and the plan as recommended by your engineer will, in my judgment, do more to relieve their present condition than any other plan which can be devised, save their entire reconstruction.

I present herewith a detailed estimate of the cost of construction, together with a list of sizes of sewer with their locations.

Respectfully submitted,  
ALEXANDER POTTER.

The following communication from James H. Londrigan, City Clerk, enclosing judgment filed in his office, was presented, read and referred to the Committee on Finance and Salaries in conjunction with the Corporation Attorney:

Office of the City Clerk,

Hoboken, N. J., Aug. 24, 1904.

To the Honorable the Mayor and Council:

Gentlemen—I herewith submit to your Honorable Body judgment rendered by the State Board of Taxation in the matter of the appeal of the North German Lloyd Dock Company and the North German Lloyd from the assessment of property in the City of Hoboken, and in the matter of the appeal of the Mayor and Council for an increase of the tax assessment for the year 1903 on property in the City of Hoboken, filed in my office on Monday, August 22, 1904, at 3:30 p. m.

Yours respectfully,

JAMES H. LONDRIGAN,

City Clerk.

Communication from Richard Bowes, Collector of Revenue, relative to judgment filed in the case of the North German Lloyd Dock Company vs. The City of Hoboken, was presented, read and referred to the Committee on Finance and Salaries in conjunction with the Corporation Attorney:

Office of Collector of Revenue,

Hoboken, N. J., Aug. 24, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—The State Board of Taxation, through the counsel for the North German Lloyd Dock Company and North German Lloyd, Messrs. Bedle, Edward & Thompson, filed with me on August 22, 1904, an official judgment and certified to the Collector of Revenue of the City of Hoboken, that the said State Board of Taxation of New Jersey had, on the 12th day of July, 1904, reduced the assessments on the property of the North German Lloyd Dock Company and North German Lloyd from \$2,602,300 to \$1,718,000, and upon which the said company will have to pay the sum of \$40,023.40, or in other words the city loses the sum of \$20,604.19

I would therefore ask your Honorable Body for instructions as to what I will do in the matter.

Yours respectfully,

RICHARD BOWES,

Collector of Revenue.

The following communication from John J. McGovern, License Inspector, preferring charges against Jacob Hugot, of No. 410 First street, for violation of the barmaid ordinance, was presented, read and referred to the Committee on Licenses:

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—As License Inspector, I desire to prefer charges against Jacob Hugot, the owner of the saloon at No. 410 First street, for the violation of Section 15 of an ordinance entitled "An ordinance regulating the sale of liquors in inns and taverns and other houses of public entertainment in the City of Hoboken, N. J., and to prevent the sale of intoxicating drinks by females therein."

The said Jacob Hugot was arrested on complaint of the Police Department of the city, and was tried on August 18, 1904, before Recorder Stanton and convicted. He was sentenced to pay a fine of fifty dollars, which fine he paid.

Dated August 24, 1904.

The following communication from Edward L. Tiffany, drillmaster of the Epworth Guards of the First M. E. Church of Hoboken, was presented, read and referred to the Committee on Public Grounds and Buildings:

Hoboken, Oct. 11, 1904.

To the Honorable the Mayor and Council of the City of Hoboken:

Gentlemen—I have the honor to address this communication to you in behalf of the Epworth Guards of the First M. E. Church, Hoboken, an organization composed of young men and boys ranging in age from twelve to twenty years.

The object of the Epworth Guards is "The up-building of Christ's Kingdom among boys."

They were organized about five years ago and now number nearly one hundred members, uniformed and equipped as a military body.

They have outgrown the limited quarters which the church is able to furnish them for drill purposes and are now drilling every Monday morning on Hudson street, but, when the weather gets colder, this will be impossible.

We therefore pray your Honorable Body to grant us permission to drill one night a week in the Armory, from 7:30 until 9 o'clock.

If you can consistently do so, will you kindly

advise me what night the Armory will be at our disposal?

Awaiting your pleasure, I am, gentlemen.

Very truly yours,

EDWARD L. TIFFANY,  
Drillmaster.

## STATED SESSION.

Stated session of the Council, held at the Council Chamber, City Hall, on Wednesday evening, December 14, 1904.

Present—Councilmen Fitzpatrick, Hoppe, Hopper, McCarthy, O'Rourke, Schultze, Voll and Chairman Steil.

Absent—Councilman Duffy.

On motion of Councilman Schultze the reading of the minutes of the stated session of the Council held Wednesday, October 26, 1904, and of the stated session held November 9, 1904, and of the special session held Tuesday, November 22, 1904, and the stated session held Wednesday, November 23, 1904, was dispensed with and they were approved as printed.

Communication from D. A. Cella, owner of property at No. 301 First street, relative to repairs to sidewalk in front of said building, was presented, read and referred to the Committee on Streets and Assessments.

Communication from A. M. Bruggemann, requesting the Council to grant permission to place storm doors in front of the Empire Theatre for the winter months, was presented, read and referred to the Committee on Streets and Assessments.

The following communication from the Hamburg-American Steamship Company was presented and read:

Hamburg-American Line Piers,  
Hoboken, Dec. 8, 1904.

To the Mayor and Council of the City of Hoboken:

Greeting—We herewith beg to request permission, in building the necessary piers and columns required to carry the proposed fencing enclosing the westerly side of our property, to project these piers two (2) feet over and beyond our line, thereby encroaching that much upon the sidewalk.

This, of course, would only occur at such points as shown on the sketch herewith submitted.

In asking this permission, it is desirous that we obtain as straight a line of fencing with as small a break as possible, which would greatly facilitate both the building as well as erection.

Kindly note that the pier at the southwest corner would project outside of the line of present and existing buildings at this point, but this would not in any way prevent or interfere with the traffic.

Trusting that you will give this your consideration and that it will meet with your approval, we are,

Yours very truly,  
Hamburg-American Line,

BLIEDUNG,  
Sup. Engineer.

R. M. Grant & Co.,  
Investment Bonds.

31 Nassau St.

New York, Dec. 13, 1904.

Finance Committee of the Common Council of the City of Hoboken, N. J.:

Dear Sirs—We will pay 102.00 and accrued interest for \$54,000 City of Hoboken, N. J., 4% bonds, issued for refunding purposes.

Dated February 1, 1905. Bonds to be in coupon form, with the privilege of registration.

Maturing February 1, 1935. Bonds to be in the denomination of \$1,000. Interest payable semi-annually.

Subject to the legality of the issue being approved by our attorneys, you agreeing to furnish certified copies of all papers which may be necessary, in their opinion, to establish the fact of the legal issuance of the bonds.

We hand you herewith our certified check for \$500 as evidence of the good faith in which the above bid is made, the same to be retained by you should the bonds be awarded to us tonight, and applied upon the purchase price of the bonds when the same have been approved by our attorneys and taken up by us.

Thanking you for your consideration, we are,

Very truly yours,  
R. M. GRANT & CO.

The following communication from James Smith, City Treasurer, was presented, read and referred to the Committee on Finance and Salaries:

City Treasurer's Office,  
Hoboken, Dec. 14, 1904.

To the Honorable the Mayor and Council of  
the City of Hoboken:

Gentlemen—I would respectfully call your attention to Section 185 of the School law, relating to the office of Custodian of School Moneys.

This section provides, among other things, that the Common Council shall fix the amount to be paid Custodian of School Moneys for his services and to be paid in the same manner as other salaries are paid.

Considering the extra responsibility, the work performed and the penalty imposed for non-performance of duty (Section 189), I would respectfully request your Honorable Body to fix said compensation at six hundred dollars per year, to be paid monthly.

Trusting your Honorable Body will act favorably on my application, I beg to remain,

Yours respectfully,

JAMES SMITH,  
Custodian of School Moneys.

The following communication from the Hoboken Board of Trade was presented and read:

Hoboken Board of Trade,  
Hoboken, Nev. 16, 1904.

To the Mayor and Board of Council of the City  
of Hoboken:

Gentlemen—The Hoboken Board of Trade has for some time been giving its attention to the matter of the improvement of the sewerage condition of this city. At the last regular meeting of the Board, it was resolved that the matter be referred to the Mayor and Board of Council of the city; that the Board of Trade act as a Committee of the Whole in consulting with your Board as to the proper means of improving the sewerage system, and that the Secretary be authorized to communicate with your Board relative to a meeting of the Board Council and the Board of Trade for that purpose.

In compliance with such resolution, I respectfully request that you designate some time and place when it will be convenient for your Board in conjunction with the Board of Trade to consider the matters referred to.

Yours very truly,  
FRED'K K. HOPKINS,  
Secretary.

On motion of Councilman Hoppe the communication was received and referred to the Committee on Sewers, with instructions to the said Committee to report back at the next meeting of the Council fixing a date for the Committee of the Whole of the Council to meet the Board of Trade.

Adopted.

The following communication from John T. Kersey, for the owners, relative to land for the enlargement of Elysian Park, was presented, read and referred to the Committees on Finance and Salaries and Public Grounds and Buildings:

Hoboken, Dec. 14, 1904.

To the Honorable the Mayor and Council of  
the City of Hoboken:

Gentlemen—As the representative of the owners of the following described lands and premises, I desire to submit to your Honorable Body a proposition for the sale of the same to city for park purposes, to be used as a part of and in connection with the present Elysian Park.

The park, as you know, is very small, and its enlargement is much required by the growing needs of the section where it is located. At the rear of the park there is a triangular tract of land which is shown on the survey annexed to this communication, which the city has been using more or less in connection with the park for some years, without objection on the part of the owners. An opportunity has presented itself to us to sell this tract of land for commercial purposes, but the owners of it are desirous of avoiding the erection of anything in that locality which would tend to diminish the value of the adjoining property or to injure the use of the park, and for that reason desire to give to your Honorable Body the option of purchasing this tract of land before offering it in the market for sale. We offer it to your Honorable Body for just what it has cost us, with the interest on the purchase price, subject to the taxes now against the same. We purchased the property from Mrs. Alexander on the first of August, 1903, for \$12,000. The interest on that sum at the rate of five per cent to date would be \$850, making a total of \$12,850, for which sum we are willing to make a deed of the tract to the city for park purposes, subject to the taxes of 1903-1904 in addition thereto.

Your Honorable Body are all familiar with the locality of this park and the necessity of procuring additional land for the purpose of enlarging it, and incidentally protecting the park and the neighborhood from the detriment which might otherwise result to both by the purchase and use of this land for other purposes.

Trusting that this proposition will meet with your favorable consideration, I am,

Respectfully yours,

JOHN T. KERSEY,

For the owners.

The following communication from Leon Abbott, attorney of Antonia Padavano, was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, Dec. 14, 1904.

To the Mayor and Council of the City of Hoboken:

Gentlemen—Under the temporary arrangement which you made with Mr. Padavano, he has been removing the ashes, garbage, etc., from the streets, etc., of the city for over three months, but he has not received any pay for the same, and he cannot continue said work without being paid.

I herewith enclose two resolutions providing for the payment of the work done by him up to November 24, 1904, which I suggest it would be proper to pass.

Mr. Padavano directs me to state that unless he receives his payments for the three months work he has done, he will be of necessity compelled to stop doing the work.

Very respectfully,

LEON ABBETT,

Attorney of Antonio Padavano.

Office of Corporation Attorney,

Hoboken, Oct. 28, 1904.

The Mayor and Council of the City of Hoboken:

Gentlemen—Pending the litigation now existing between the Mayor and Council and William H. Davis in the Supreme Court, it is necessary that the ashes and garbage in the city should be removed; and Antonio Padovano having agreed to remove the same at the price stated in his contract for last year, I would advise you to pay him for the work actually done during the continuance of the litigation upon the basis of last year's contract.

Yours truly,

JAMES F. MINTURN,

Corporation Attorney.

The following communication from James H. Londrigan, City Clerk, enclosing a communication from Edwin A. S. Lewis, accompanying a deed relative to certain streets in the city of Hoboken, was presented, read and referred to the Committee on Streets and Assessments:

City Clerk's Office,

Hoboken, Dec. 14, 1904.

To the Honorable Mayor and Council of the City of Hoboken:

Gentlemen—Enclosed herewith I present to your honorable body a communication accompanied by a grant, in which is conveyed the rights reserved in the streets known as Castle Point Terrace, Eighth and Ninth streets.

Respectfully submitted,

JAMES H. LONDRIGAN,

City Clerk.

Dec. 14, 1904.

Hon. James H. Londrigan, City Clerk, Hoboken, N. J.:

Dear Sir—I herewith enclose grant to Mayor and Council of the City of Hoboken, executed by Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz, in which they convey the rights reserved in the streets known as Castle Point Terrace and Eighth and Ninth streets, in consideration of the acceptance of these streets as public streets of the city of Hoboken by the Mayor and Council of the City of Hoboken. This grant does away with all objections that have been made to the reservations and restrictions placed upon this map.

Castle Point Terrace is at present in a rather cut up condition, owing to various improvements that are going on at the present time on that street. If the street is accepted by the Mayor and Council the dedicators agree to place the street in good condition and to fully repair the same as soon as possible.

Hoping that the Council will take favorable action in this matter, and with kind regards, I remain

Yours sincerely,

EDWIN A. S. LEWIS.

Know all men by these Presents: That, Whereas Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz have heretofore filed in the office of the Register of Deeds of Hudson County, N. J., a certain map marked Filed No. 1284 and entitled "Map of property belonging to Edwin A. Stevens and Others, Hoboken, Hudson County, N. J.," made by W. F. Whittemore, Civil Engineer, June, 1903, dedicating as public streets and highways certain streets laid out and designated on said map as Eighth street, Ninth street and Castle Point Terrace, on which map was endorsed the following: "This map has been made and ordered to be filed in office of Register of Deeds and Mortgages of Hudson County, N. J., by the direction of Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz, owners of the several tracts of land shown hereon, upon condition that the several streets laid out and designated thereon are dedicated as public highways for passage over the same by ordinary vehicles and foot passengers only, subject to the exclusive right of the said Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz to erect, maintain, use, operate and repair telephone poles, telegraph poles, electric light poles, power poles and any kind of poles upon any portion of said highways, subject also to the exclusive right of said parties to lay, maintain, use, operate and repair sewers, sewer pipes, gas pipes, water pipes, gates, manholes and other necessary and useful appurtenances of water supply, and electric conduits and any other kind of pipes and conduits therein. And subject also to the exclu-

sive right of said parties to use the spaces between the fence lines and street lines, as shown on this map for court-yard and stoop purposes, but subject to the right and privilege of the owner or owners of lots abutting in said streets to connect with said poles, sewers, sewer pipes and said other pipes and conduits, and to use the spaces between said fence lines and street lines for court-yard and stoop purposes only without hindrance and expense from the said Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz, and all of which rights subject as aforesaid are expressly reserved unto Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz there and each of these liens and assigns forever as fully and entirely as if no dedication of such lands to any public use whatsoever had ever been made. In Witness Whereof the same Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz have hereunto set their hands and seals this thirty-first day of December, 1903.

Signed, sealed and delivered in  
the presence of

EDWIN A. S. LEWIS.

RICHARD STEVENS, (Seal.)

ROBERT L. STEVENS, (Seal.)

ARTHUR SEITZ, (Seal.)

And, Whereas Richard Stevens, Edwin A. Stevens and Arthur Seitz have heretofore filed in the office of the Register of Deeds of Hudson County, N. J., a certain map marked Filed No. 1290, and entitled map of property belonging to Richard Stevens and Others, Hoboken, Hudson County, N. J., made by W. F. Whittemore, Civil Engineer, June, 1904, dedicating as a public street and highway the easterly portion of Castle Point Terrace as laid out and designated in said map and on which map was endorsed the following: "This map has been made and ordered to be filed in the office of Register of Deeds and Mortgages of Hudson County, N. J., by the direction of Richard Stevens, Edwin A. Stevens and Arthur Seitz, owners of the several tracts of land shown hereon upon condition that the easterly portion of Castle Point Terrace laid out and designated therein is dedicated as a public street or highway subject to the exclusive right of the said Richard Stevens, Edwin A. Stevens and Arthur Seitz to erect, maintain, use, operate and repair telephone poles, telegraph poles and electric light poles, power poles, and any kind of poles upon any portion thereof, subject also to the exclusive right of said parties to lay, maintain, use, operate and repair sewers, sewer pipes, gas pipes, water pipes, gates, manholes and other necessary and useful appurtenances

of water supply and electric conduits, and any other kind of pipes and conduits therein, but subject to the right and privilege of the owner or owners of lots abutting on said street to connect with said poles, sewers, sewer pipes and said other pipes and conduits without hindrance and expense from the same Richard Stevens, Edwin A. Stevens and Arthur Seitz, and all of which rights subject as aforesaid are expressly reserved unto Richard Stevens, Edwin A. Stevens and Arthur Seitz, their and each of their heirs and assigns forever, as fully and entirely as if no dedication of said lands to any public use has ever been made. In Witness Whereof the said Richard Stevens, Edwin A. Stevens and Arthur Seitz have hereunto set their hands and seals this twentieth day of June, 1904.

Signed, sealed and delivered  
in the presence of

EDWIN A. S. LEWIS.

RICHARD STEVENS, (Seal.)  
EDWIN A. STEVENS, (Seal.)  
ARTHUR SEITZ, (Seal.)

And, Whereas, the Mayor and Council of the City of Hoboken have declined to accept the dedication of said streets and highways of the city of Hoboken unless the said Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz do assign and set over unto the said Mayor and Council of the City of Hoboken the rights reserved unto them, their heirs and assigns in same streets and highways, except the right to use the spaces between the fence lines and street lines as shown on said maps for court-yard and stoop purposes.

Now, therefore, we the said Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz, for and in consideration of the sum of one dollar to each of us in hand paid, the receipt whereof is hereby acknowledged, and in consideration of the acceptance by the Mayor and Council of the City of Hoboken of the dedication of the streets laid out and dedicated on the said maps above mentioned as public streets and highways of the city of Hoboken, do hereby assign and set over unto the Mayor and Council of the City of Hoboken, its successors and assigns forever, all the rights reserved unto the said Edwin A. Stevens, Richard Stevens, Robert L. Stevens and Arthur Seitz, in and by the above mentioned maps except the right to use the spaces between the fence lines and street lines, as shown on said maps for court-yard and stoop purposes.

In Witness Whereof, we have hereunto set our hands and seals this second day of December, nineteen hundred and four.

Signed, sealed and delivered  
in the presence of

EDWIN A. S. LEWIS.

To the Council:

Gentlemen—Enclosed I herewith submit decision of the Supreme Court of New Jersey and bill for tax costs, amounting to \$81.70, payable to the order of Black & Drayton, attorneys for the prosecutors in case of William Keuffel et al., prosecutors, vs. The Mayor and Council of the City of Hoboken et al., defendants.

Yours respectfully,  
JAMES H. LONDRIGAN,  
City Clerk.

NEW JERSEY SUPREME COURT.

November Term, 1904.

William Keuffel, et al., Prosecutors, vs. The Mayor and Common Council of the City of Hoboken et al., Defendants. On Certiorari, rule annulling resolution.

The court having heard the arguments of counsel and inspected the resolution passed by the Mayor and Common Council of the City of Hoboken on the eleventh day of November, 1903, by which the Corporation Attorney was directed to draw and have executed in proper form a deed conveying to the Trustees of the Free Public Library of the city of Hoboken all the rights, title and interest of the Mayor

and Common Council in and to the Free Public Library property, and the proceedings reviewed by the writ of certiorari in this cause, and having considered the reasons filed by the prosecutors; it is ordered that the said resolution passed by the Mayor and Common Council of the City of Hoboken on the eleventh day of November, 1903, is illegal, and the same is hereby annulled with costs to the prosecutors.

Entered Nov. 25, 1904.

On motion of

BLACK & DRAYTON,  
Attorneys for Prosecutors.

A true copy.

The following report from the Commissioners of Assessments on the completion of improvement of Sixth street, between Adams and Monroe streets, was presented, read and referred to the Committee on Streets and Asssments:  
Hoboken, Nov. 21, 1904.

To the Honorable the Mayor and Council:

Gentlemen—We the undersigned, Commissioners of Assessments, herewith present to your Honorable Body our report with the accompanying assessment map for the improvement of Sixth street, from Adams street to Monroe streets.

Being entirely disinterested and not owning any land or real estate along the line of said improvement, we proceeded with the making of this assessment by carefully examining the improvement on the ground and by ascertaining and locating all lands and real estate benefited by the same, the accompanying map and assessment list shows the location and extent of all lands and real estate so benefited, designating each lot or parcel by lot and block number and the name of all owners as far as could be ascertained.

We have found the entire cost and expenses of said improvement to be as follows:

Total contractor's bill .....\$3,730 61  
Incidental expenses ..... 413 68

Total cost .....\$4,149 29

We have ascertained that the total cost and expenses of said improvement exceed the benefits received by all lands and real estate therefrom to the amount of \$936.02, which amount we have assessed upon the city at large. The remaining sum of \$3,213.27 we have assessed upon all lands and real estate benefited, in proportion to the benefits received.

We have also considered the question of damages and have concluded after full deliberation that no property was damaged by the making

of said improvement and that no person or persons were in any manner entitled to damages on account of said improvement.

We have examined into the whole matter and have appointed a time for a hearing for all persons interested at the City Hall on Monday, the 14th day of November, 1904, at 7:30 p. m., and then and there have heard all claims and objections made before us against the said assessment and after hearing the same and having carefully considered said objections and claims at a subsequent meeting held by us, we have finally completed our assessment list accompanying this report.

Respectfully,

JAMES HARKSEN,  
C. F. GUTH,

Commissioners of Assessments.

TIVY & SMITH,

City Surveyors in Charge.

The following report from the Commissioners of Assessments on the completion of improvement of Eleventh street, between Clinton and Madison streets, was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, Nov. 9, 1904.

To the Honorable the Mayor and Council:

Gentlemen—We the undersigned, Commissioners of Assessments, herewith present our report with the accompanying map for the improvement of Eleventh street, between Clinton and Madison streets.

Being entirely disinterested and not owning any land or real estate along the line of said improvement, we proceed with the making of this assessment by carefully examining the improvement on the ground, and by ascertaining and locating all lands and real estate benefited by the same, the accompanying map and assessment list shows the location and extent of all lands and real estate so benefited, designating each lot or parcel by lot and block number and the names of all owners as far as could be ascertained.

We have found the entire costs and expenses of said improvement to be as follows:

Total contractor's bill .....	\$3,732 63
Incidental expenses .....	432 31
Total cost .....	\$4,214 94

We have ascertained that the total costs and expenses of said improvement exceed the benefits received by all lands and real estate therefrom to the amount of \$2,388.40, which amount we have assessed upon the city at large. The remaining sum of \$1,826.54, we have assessed upon the land and real estate benefited in proportion to benefits received.

We have also considered the question of damages and have concluded, after full deliberation, that no property was damaged by the making of said improvement, and that no person or persons were in any manner entitled to damages on account of the said improvement.

We have examined into the whole matter, and have appointed a time for a hearing for all persons interested at the City Hall on Tuesday, the 25th day of October, 1904, at 7:30 p. m., and then and there have heard all claims and objections presented against said assessment, and after hearing the same and having carefully considered said objections and claims at subsequent meetings held by us, we have finally completed our assessment as shown on the map and assessment list accompanying this report.

Respectfully,

JAMES HARKSEN,  
C. F. GUTH,

Commissioners of Assessment.

The following communication from E. T. Paxton, was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, N. J., Dec. 20, 1904.

To the Mayor and Council of the City of Hoboken:

Gentlemen—I have received from Mr. Conrad Arndts for collection claims against the city amounting to two hundred and ninety-five dollars for work and materials done and furnished in the summer of 1903.

Unless favorable action is taken upon these bills without delay I shall proceed to collect them by suit.

Yours truly,

E. T. PAXTON.

Communication from William Welz, requesting return of \$5 fee paid to the Street Commissioner, was presented, read and referred to the Committee on Streets and Assessments.

The following communication from members of the Tax Board for the year 1904, was presented, read and referred to the Committee on Finance and Salaries:

Hoboken, Dec. 19, 1904.

To the Honorable Mayor and Common Council of the City of Hoboken:

Gentlemen—Your Committee on Public Grounds and Buildings in their budget of 1904 asked for an appropriation of \$200 for repairs of toilet and tool house in Church Square Park.

The above \$200 for said repairs was allowed and also an additional \$500 which was found necessary in order to put the toilet and tool house in a proper healthful condition.

The park is visited daily by thousands of children and women who attend the church and schools that surround it. The public comfort station is much used and an absolute necessity, there being no other station of its kind in the ward. It is therefore indispensable as the health of our citizens is paramount. Anything that can be done to add to their comfort is in the interest of good government. We therefore protest against the bor-

rowing or using of any part of the above appropriation for any other purpose than that for which it had been originally granted. We hereby request the Mayor and Council to use all their influence and power which the City of Hoboken has vested in them to see that the comfort and health of our citizens and children is not trifled with.

Yours very truly,

JOHN A. CROSS,  
MARTIN J. WHELAN,  
EDWARD CARROLL,  
CLAUS JUNGE.

The following order on petition from the Hudson County Circuit Court, was presented, read and referred to the Committee on Finance and Salaries, in conjunction with the Corporation Attorney:

Hudson County Circuit Court.

In the matter of the application of Edwin A. Stevens, Aaron S. Baldwin and Edward Russ for the payment of expenses incurred by them as Commissioners of Adjustment.

On petition. Order.

Application having been made to the Court for the payment of expenses incurred by Edwin A. Stevens, Aaron S. Baldwin and Edward Russ, Commissioners of Adjustment, etc., to wit., to Thomas H. McCann, for services rendered by him to said Commissioners in the amount of one hundred dollars, to Richard Bowes, Collector of Revenue, for services rendered by him to said Commissioners in the amount of two hundred dollars, to Gustav Bach, for services rendered by him to said Commissioners in the amount of seventy-five dollars, to Maurice J. Stack for services rendered by him to said Commissioners in the amount of fifteen dollars, and to said Commissioners for postage, coach hire, typewriting and disbursements in the amount of thirty-one dollars and fourteen cents, and the Court having considered the matters and things brought up by said petitioners,

It is on this sixteenth day of December, 1904, ordered that the said application be granted and the Mayor and Council of the City of Hoboken is hereby directed to pay to the said Thomas H. The following communication from Leon Abbett, attorney for Antonio Padavano, enclosing order for setting aside of the award of the ash and garbage contract, was presented, read and referred to the Committee on Streets and Assessments:

Hoboken, N. J., Dec. 21, 1904.

To the Mayor and Council of the City of Hoboken:

Gentlemen—At the request of Corporation Attorney Minturn, which request comes as I understand from the Mayor and Council, I have signed the consent to the enclosed order setting aside the awarding of the ash contract to Mr. Antonio Padavano, which was done by resolution passed August 24, 1904.

The consent to this order is signed and delivered with the distinct understanding that you will at once proceed to advertise for bids for a new ash contract, bids to be received not later than January 11, 1905; that Mr. Padavano is to be paid promptly for the work he is now doing, and which he will continue to do up to the time you receive bids for a new contract (not later than January 11, 1905); that the warrant for work done from October 24 to November 24, 1904, will be paid at once; that the claim presented to-night for work from November 24 to December 24, 1904, will be passed at once and paid on or before Saturday of this week; that the claim for work to be done up to January 11, 1905, (or sooner, if bids are called for sooner) will be promptly passed and paid when presented.

I also wish to say that unless Mr. Padavano's claims are promptly passed and paid he cannot go on with the work.

Very respectfully,

LEON ABBETT,

Attorney for Antonio Padavano.

Councilman Voll appeared and took his seat.
